3.2. General Risks

(a) Please note that all transactions involving Digital Assets involve certain risks. In this regard, once submitted to a blockchain network, such a transaction will be unconfirmed for a period of time pending sufficient confirmation of the transaction by the blockchain network. A transaction is not complete while it is in a pending state. Any Digital Assets transfers, to and from external wallet addresses, that are in a pending state will be designated accordingly, and the relevant Digital Asset will not be included in your Digital Asset Wallet or be available to conduct transactions.

(b) In any transfer of Digital Assets, there is always a risk that the Digital Assets can be lost due to the collapse of the community that supports Digital Asset transfers, or the failure or bankruptcy of the issuers and/or managers of that Digital Asset. In such scenarios, your Digital Assets could lose significant value and/or be lost all together.

(c) The risk of loss in holding Digital Assets can be substantial. You should therefore carefully consider whether holding Digital Assets is suitable for you in light of your financial situation. In considering whether to hold Digital Assets, you should be aware that the price or value of Digital Assets can change rapidly, decrease, and potentially even fall to zero. Past performance is not an indicator of future performance. If you use any Crypto.com App Services or Crypto.com Web Services which allow you and/or third parties to access and hold Digital Asset private keys, you acknowledge that we are not responsible for safeguarding such keys and that we are not responsible for any loss of Digital Assets resulting from theft, loss, or mishandling of Digital Asset private keys outside our control.

Although we may provide historical and/or real-time data regarding the price of Digital Assets, including graphs displayed within the Crypto.com App or Crypto.com Web showing the price fluctuations of Digital Assets, such data or graphs are for reference only. We make no representations regarding the quality, suitability, veracity, usefulness, accuracy, or completeness of such data or graphs, and you should not rely on such data or graphs for any reason whatsoever. You understand and acknowledge that the value of Digital Assets can be volatile, and you agree that we are not in any way responsible or liable for any losses you may incur by holding or trading Digital Assets, even if the Crypto.com App Services or Crypto.com Web Services were delayed, suspended, or interrupted for any reason.

(e) We do not provide investment advice, tax advice, financial advice or any other professional advice and any content on the Crypto.com App or Crypto.com Web and Site should not be considered as such advice or a substitute for tailored investment, financial advice. The contents of the

Crypto.com App or Crypto.com Web and Site does not constitute a comprehensive or complete statement of the matters discussed or the law relating thereto. The contents of the Crypto.com App or Crypto.com Web and Site should not be used as a basis for making investment decisions and should not be construed as an attempt to market or promote any type of Digital Asset.

(f) Your Digital Asset Wallet is not a depository account. Funds stored in your Digital Asset Wallet do not earn any interest unless otherwise stated and they are not protected by any government-backed depositor compensation, insurance or guarantee scheme.

(g) Risks Specific to EMTs. In addition to the risks set forth above, the holding and transfer of EMTs involves specific risks, including: (i) the dual regulatory nature of EMTs under both MiCA and PSD2/FIA means that changes in the applicable regulatory framework may affect the availability of EMT services and Payment Services; (ii) the value of an EMT is dependent on the issuer's ability to maintain reserves and honour redemption requests, and in the event of the issuer's insolvency or failure, the EMT may lose part or all of its value; (iii) while EMTs are designed to maintain a stable value by referencing an official currency, there is no guarantee that an EMT will maintain its peg, and the value may fluctuate and fall below or above the value of the referenced currency; and (iv) EMTs held in the Client's Digital Asset Wallet are not protected by any government-backed depositor compensation, insurance or guarantee scheme.

- integrations with third-party messaging platforms; and
- other user-authorised software tools,

each of which may interact with the Crypto.com trading APIs to transmit instructions determined or approved by You.
Trading Tools operate solely as a technical means of transmitting Your instructions to the Crypto.com App and do not constitute a separate investment service.

8D.2 Authorised Instructions
You agree that:
(a) any instruction submitted via a Trading Tool that has been authorised by You (including through an API key generated within the Crypto.com App) constitutes a valid and binding instruction from You;
(b) Trading Tools execute instructions based solely on parameters, commands, or confirmations provided or approved by You;
(c) Crypto.com does not provide investment advice, recommendations, or discretionary portfolio management through any Trading Tool; and
(d) all trades executed via Trading Tools are conducted on an execution-only basis under these Terms.

8D.3 API Keys and Credential Responsibility
Where a Trading Tool operates using an API key or similar authentication credential generated by You:
(a) You are responsible for safeguarding such credentials;

8E. Crypto Basket
8E.1 Crypto Basket is a pre-specified bundle of individual Digital Assets that a customer may purchase. Each Digital Asset in the specific Crypto Basket constitutes a specific percentage of the total value of the Crypto Basket ("**Weight**"). By purchasing a Crypto Basket, you purchase each of the Digital Assets

identified in that Crypto Basket and the amount of each Digital Asset purchased is equal to that Digital Asset's Weight. You will be able to determine the value of each Crypto Basket Purchase, but not the respective Weights of each Digital Asset within a Crypto Basket. The Digital Assets and Weights for each Crypto Basket are pre-selected and cannot be modified.

8E.2 We reserve the right to remove any particular Digital Asset in a Crypto Basket, replace a Digital Asset in a Crypto Basket, or cease offering a Crypto Basket at any time without notice to you and in each case in our sole discretion. We may do so in situations including, but not limited to, the following:

(a) When a certain Digital Asset in a Crypto Basket is delisted from the Crypto.com App;

(b) When a certain Digital Asset in a Crypto Basket is rebranded by the blockchain protocol issuing the Digital Asset and re-issued as another Digital Asset by the same blockchain protocol, and we decide to support the rebranding by listing the new Digital Asset on the Crypto.com App.

8E.3 If a Digital Asset is removed from a Crypto Basket and not replaced, the Weights of each remaining Digital Asset shall be determined by us and you will receive notification of the change. To be clear, any Digital Asset that is removed from a Crypto Basket after you purchase the Crypto Basket will not be removed from your Crypto Wallet. Any changes in the composition of a Crypto Basket will only affect subsequent purchases.

8E.4 From time to time, we may update pre-defined Crypto Baskets to reflect asset availability. If you hold the relevant Crypto Basket at the time of update, you will receive a notification prompting you to upgrade to the updated Crypto Basket version. Accepting the upgrade constitutes your authorization to execute the necessary purchases and sales of the individual Digital Assets to align your holdings with the new Crypto Basket configuration. You acknowledge and accept that upgrading may result in transaction fees, taxes, or other applicable costs.

8E.5 If a new version of a Crypto Basket is released, subsequent purchases via the outdated Crypto Basket will be unavailable. Any subsequent purchases must be via the updated Crypto Basket.

8E.6 For more information on the different categories of Crypto Baskets please visit this FAQ page here.

No investment advice or asset management

8E.7 Crypto Baskets are not intended to be, and should not be construed as, an investment advisory or asset management service. You acknowledge that the availability of Crypto Baskets does not constitute personalized financial, or investment advice, tailored to your specific needs or financial situation.

8E.8 The Digital Asset combinations in each Crypto Baskets are pre-selected based on predefined criteria, such as market capitalization or sector, and are available for all users to view and select from. Each Crypto Basket carries its own risk profile. You are advised to do your own research on not just the individual Digital Assets within a Crypto Basket, but also the holistic risk profiles of each Crypto Basket, before making a decision on whether you wish to purchase a particular Crypto Basket.

8E.9 You are solely responsible for your financial decisions, including the decision to purchase, hold, or sell any Crypto Baskets, and we make no representations regarding the suitability of any Crypto Basket for any particular user or segment of users.

8E.10 By purchasing a Crypto Basket, you understand and agree that you are selecting from available Crypto Baskets independently and without reliance on us for any individual financial advice or guidance.

Rebalancing

8E.11 Rebalancing is an **optional** functionality allowing you to pre-authorize purchases and sales of individual Digital Assets to maintain the relative weights of each Digital Asset within a Crypto Basket at the default Weights ("**Rebalancing**"), as the relative weights may change and diverge from the default Weights over time due to changes in the underlying value of each Digital Asset and other activities

subsequent to your purchase of the Crypto Basket. Rebalancing is simply a tool to pre-authorize purchases and sales of the specified Digital Assets in a given Crypto Basket at selected intervals.

8E.12 Rebalancing will be enabled by default unless you choose to disable it. If you do not disable Rebalancing, better-performing assets are redistributed to lower-performing ones because Rebalancing is based on the market value of each asset, which changes over time. You have the option to disable Rebalancing at any time. For more information on how Rebalancing works, please visit this FAQ page here.

No active or passive management

8E.13 Rebalancing is a fully automated process that executes your recurring pre-authorized transactions to maintain the Digital Asset Weights within the Crypto Basket. We do not actively or passively manage, monitor, or optimize the performance of, Digital Assets within any Crypto Basket. Rebalancing is carried out without regard to your specific personal financial circumstances or goals.

8E.14 You acknowledge and agree that we do not provide active or discretionary portfolio management services when we perform Rebalancing. Our role is limited to executing automated, periodic Rebalancing based solely on the predetermined Weights of each Digital Asset within the Crypto Basket and your instructions pre-authorizing the transactions. We do not offer any personalized advice or take any action aimed at optimizing the performance of any particular Crypto Basket.

8E.15 Your responsibility and risks

(a) You understand and agree that Rebalancing is not a guarantee of improved financial performance or risk mitigation.

(b) You bear full responsibility for the decision to enable or disable Rebalancing and understand that market conditions may impact the effectiveness of Rebalancing strategies.

(c) We make no representations or guarantees about the current or future performance of any Rebalanced Crypto Basket or the relative performance of any particular Crypto Basket whether Rebalancing is disabled or not.

Recurring Buy

8E.16 Recurring Buy is an optional functionality that enables you to pre-authorize automatic periodic purchases of a specified amount of a Crypto Basket at predetermined intervals. By enabling Recurring Buy, you expressly authorize and instruct us to execute your purchase of the Crypto Basket at the prevailing market values of the Digital Assets comprising the Crypto Basket at the time each scheduled Recurring Buy purchase occurs. You may enable or terminate the Recurring Buy instructions at any time.

8E.17 You are responsible for ensuring that adequate funds or other acceptable means of payment are available to cover each scheduled Recurring Buy transaction. Transactions will not be executed if your designated payment method is unable to successfully process the payment, and we bear no responsibility or liability for missed purchases resulting from such payment failures. We reserve the right, at our sole discretion, to modify, suspend, or discontinue the Recurring Buy feature at any time. Any such modification or termination will not affect previously executed transactions.

8E.18 Recurring Buy is provided solely as a convenience tool and does not constitute investment advice, financial planning, or asset management. We make no warranties, representations, or guarantees regarding the effectiveness, profitability, or risk mitigation of Recurring Buy. You remain solely responsible for overseeing and managing your Recurring Buy settings and understanding the associated risks.

Custom Basket Builder

8E.19 In addition to the pre-specified Crypto Basket as described above, you may also use our Custom Basket builder tool to create your own custom Crypto Basket(s) by choosing specific Digital Assets, setting their Weights, and determining the rebalancing frequency ("**Custom Basket**").

8E.20 An optional platform tool is available, allowing you to objectively filter Digital Asset selections based solely on criteria you specify, such as Digital Asset categories, ranges of market capitalization, transaction volume and price volatility, and intended holding period. Following filtering, you retain complete discretion and control to review, modify, confirm, and activate your Custom Basket. This feature is provided strictly for convenience and informational purposes and does not represent any recommendation, endorsement, or advisory service. You acknowledge and agree that you remain solely responsible for evaluating, selecting and configuring all Digital Assets in your Custom Basket and determining their suitability for you.

8E.21 You may update the composition of your Custom Basket at any time. Making changes to a Custom Basket constitutes your authorization to execute the necessary purchases and sales of the individual Digital Assets to align your holdings with the updated Custom Basket configuration. You acknowledge and accept that this may result in transaction fees, taxes, or other applicable costs.

Stakeable Baskets

8E.22 In addition to regular pre-specified Crypto Baskets, you may be offered the option to purchase pre-specified "**Stakeable Baskets**". Stakeable Baskets are comprised solely of Digital Assets that are eligible for participation in the Staking Services provided by the relevant Affiliate or third-party service provider. Upon purchase of a Stakeable Basket, each constituent Digital Asset is staked subject to the Staking Services as described in the Staking Services Terms and Conditions applicable in your jurisdiction (here) ("**Staking Services Terms**"), which you must accept prior to purchase. You acknowledge and agree that the provision of Staking Services is solely the responsibility of the relevant Affiliate or third-party service provider.

8E.23 When you submit an instruction to redeem/sell a Stakeable Basket, the redemption/sale process will be coordinated following the expiry of the longest applicable unbonding period within the basket, even if each Digital Asset's native on-chain protocol may prescribe different unbonding periods. This coordinated approach aims to deliver the full proceeds of the basket in a single redemption to you.

Alternatively, and subject to availability, you may choose to use the Instant Unstake feature, as defined and described in the Staking Services Terms. If you elect to do so, the relevant fees will apply as set out in those terms.

8E.24 You may not buy, sell, redeem, or otherwise transact in the individual Digital Assets within a Stakeable Basket. All instructions to purchase or sell/unstake apply to the entire basket.

8E.25 Your use of Stakeable Baskets is subject to your acceptance of the Staking Services Terms. In the event of any inconsistency between these Terms and the Staking Services Terms, the Staking Services Terms shall prevail to the extent of the inconsistency.

9. OTHER PROVISIONS APPLICABLE TO OUR SERVICES

9.1. Crypto.com reserves the right to, in its sole discretion, refuse to process or to cancel any pending request from you for any Digital Asset Transfer, Digital Asset Conversion or Cash to DA Conversion (each, a "**Transaction**"), including for purposes of compliance with Applicable Law.

9.2. Crypto.com securely stores Digital Assets private keys in our control in a combination of online and offline storage. As a result, it may be necessary for Crypto.com to retrieve this information from offline

storage in order to facilitate a Transaction in accordance with your Instructions, which may delay the initiation or crediting of such Transaction for 48 hours or more. As a user of the Crypto.com App Services or Crypto.com Web Services, you accept the risk that a Transaction facilitated by Crypto.com may be delayed and you agree not to hold Crypto.com responsible for any loss or damage arising out of or related to such delay.

9.3. It is your sole responsibility to determine whether, and to what extent, any Taxes apply to any transactions associated with your receipt or transfer of Digital Assets, and/or to the Transactions you conduct, and to withhold, collect, report and remit the correct amounts of Taxes to the appropriate tax authorities. Your Transaction History is available through the Crypto.com App. We are not obligated to, nor will we determine whether, and to what extent, Taxes apply, or calculate, collect, report, or remit any Taxes to any tax authority arising from any transaction.

9.4. The loading of Digital Asset to your Digital Asset Wallet and/or any Transaction are subject to limits imposed by Crypto.com (as may be amended from time to time in Crypto.com's sole discretion). Such limits are set out in the "Fees & Limits" section in the Crypto.com App but Crypto.com may, in its sole discretion, apply different limits to you specifically. We may also require you to submit additional information about yourself or any Transaction you have effected.

9A. **FORK**

9A.1 You agree and understand that the underlying protocols of the Digital Assets' networks are subject to changes (each a "**Fork**"), which are exogenous to Crypto.com and may result in more than one version of such network (each a "**Forked Network**"). You further agree and understand that Forks may materially affect the value, function, and/or name, and may result in loss of control or ownership, of the Digital Assets you hold in your Digital Asset Wallet.

9A.2. If a Fork occurs, it will result in the creation of a new Digital Asset (the "**New Forked Asset**") related to an existing Digital Asset (the "**Prior Asset**"). You further understand, acknowledge and agree that each Fork may materially affect the value, function, and/or name, and may result in loss of control or ownership, of the Prior Asset that we hold in your Crypto.com account, and that the New Forked Asset and/or Prior Asset may have minimal or no value.

9A.3 Upon becoming aware of a Fork and to the extent that we have any rights or are able to take any action, in the event of a Fork, Crypto.com may, in our sole discretion, temporarily suspend or amend any Crypto.com App Services or Crypto.com Web Services or any Digital Assets for an extended period of time (with or without advance notice to you) until we have determined that such functionality can be restored. We may also determine, in our sole discretion, whether or not to support the Forked Network(s) and who should have ownership or receive New Forked Assets and/or benefits (if any). This could occur with potentially little or no warning and your ability to use the Services or Digital Assets may be limited and subject to the Fork. In the event that Crypto.com decides not to support any such Forked Network ("**Unsupported Forked Network**"), the New Forked Assets offered by such Unsupported Forked Networks will not be made available to you. Notwithstanding the foregoing, we may, in our sole discretion obtain and retain the New Forked Assets offered by such Unsupported Forked Network as property belonging solely to Crypto.com.

9A.4 You understand, acknowledge and agree that you have no right, claim or privilege in, or with respect to, any New Forked Asset. If we do not support a New Forked Asset, you may not be able to withdraw the New Forked Asset promptly or at all; you may not be able to trade the New Forked Asset on the Crypto.com App or Crypto.com Web or otherwise on our platform; and you may lose any value associated with such New Forked Asset.

9A.5 If we determine not to support a New Forked Asset, we may, in our sole discretion:

(i) obtain and retain the New Forked Asset as property belonging to us; or

(ii) make the New Forked Asset available to you on a one-time basis, based on your holding of the Prior Asset at the time of the Fork, subject to the withholding and retention by us of an amount reasonably calculated to fairly compensate us for the cost of making such New Forked Asset available and subject to our withdrawal procedures.

We will notify you only if we elect to permit a one-time withdrawal pursuant to (ii) above.

9A.6 You acknowledge the risks presented by Forks and hereby accept that we have no responsibility for any losses or damage arising as a result of an Unsupported Forked Network.

9A.7 WE HAVE NO CONTROL OVER, NOR DO WE HAVE THE ABILITY TO INFLUENCE, THE CREATION OR IMPLEMENTATION OF A FORK OR OF THE NEW FORKED ASSET. WE CAN PROVIDE NO ASSURANCES ABOUT THE SECURITY, FUNCTIONALITY OR SUPPLY OF ANY DIGITAL ASSET, INCLUDING BOTH THE NEW FORKED ASSET AND THE PRIOR ASSET. YOU UNDERSTAND, ACKNOWLEDGE AND AGREE THAT WE ASSUME NO LIABILITY RELATING TO ANY CHANGE IN THE VALUE OF ANY DIGITAL ASSET (WHETHER OR NOT RESULTING FROM A FORK). YOU UNDERSTAND, ACKNOWLEDGE AND AGREE THAT A FORK COULD CONSTITUTE A FORCE MAJEURE EVENT BEYOND OUR REASONABLE CONTROL, WHICH COULD AFFECT THE VALUE OF YOUR DIGITAL ASSETS, AND THAT CRYPTO.COM DOES NOT ASSUME ANY LIABILITY FOR LOSSES RESULTING FROM SUCH EVENTS.

9B. **ACCOUNT PROTECTION PROGRAM**

9B.1 If we, in our sole discretion, determine that there has been an Unauthorised Transaction, we may provide relief to you ("**APP Relief**") subject to the remainder of this Clause 9B and your continued adherence to these Terms.

9B.2 APP Relief shall not be available with respect to Crypto.com Pay.

9B.3 You must satisfy all conditions imposed by us under the Terms and as further clarified in the FAQs, as may be updated from time to time, in order to be eligible for consideration for APP Relief.

9B.4 To assess your eligibility for APP Relief, we may request for relevant information and documents from you or any other third party sources.

9B.5 We will at our sole discretion determine whether you should obtain APP Relief and the quantum of such relief (up to the maximum amounts specified under Clause 9B.8). In accepting any APP Relief, you also agree that (i) we reserve the right to set off any outstanding funds that you may owe us and (ii) waive any claims or rights you may have against us for the full value of the Unauthorised Transaction. We also reserve the right to rescind full or partial payments made pursuant to any APP Relief, or to take any other actions against you if we subsequently determine that any information that you have provided was untrue, or that your conduct involved bad faith, dishonesty, or fraud.

9B.6 If we make a determination in your favour, we maintain any and all rights under these Terms which are consistent with that determination. Notwithstanding the rest of this Clause 9B, you hereby agree that we shall not be deemed to have waived our rights under clauses 3.2, 6.2, 14.1 and 17.2(v) and that all such Terms remain in full force and effect in relation to all other Transactions.

9B.7 If we determine that you should obtain APP Relief under this section, we may calculate your APP Relief as follows, subject to the upper limit set out in clause 9B.8: In the case of a Transaction which is an Unauthorised Transaction, we will give you the amount of the relevant Digital Asset or other Digital Asset at our sole discretion that is up to the amount that was lost, reduced by any Digital Assets / funds which may be recovered.

9B.8 The APP Relief is:

(a) in the case of Digital Assets, a maximum of USD 250,000 calculated at our discretion by reference to the USD price of those Digital Assets, either:

(i) as of the date of the Unauthorised Transaction; or

(ii) as at the date that APP Relief is disbursed.

(b) in the case of Cash, a maximum of either:

(i) USD 250,000 if USD was the currency subject to the Unauthorised Transaction or transfer; or

(ii) the equivalent of USD 250,000 in the currency of the Unauthorised Transaction or transfer, calculated at the conversion rate (as between USD and the second-mentioned currency) as at the end-of-day-average of the date of the Unauthorised Transaction.

9B.9 You hereby agree and acknowledge that we maintain the full right and discretion to: (a) provide APP Relief in such type and form as we deem fit, including by way of any currency, legal tender or medium of exchange; (b) consider and determine the applicable conversion rates with reference to real-time market rates; and (c) amend the terms of as well as suspend or terminate the availability of APP Relief without prior notice to you, including but not limited to an event where APP Relief becomes subject to any prohibitions or restrictions arising from Applicable Law.

9B.10 You hereby acknowledge and agree that our determination under Clause 9B.4 is full and final, and shall not enliven any process of appeal or further contest. You furthermore undertake and represent that you waive all claims whatsoever against us and/or our Affiliates upon accepting any full or partial APP Relief, regardless of whether any future recoveries are made due to our efforts to recover relevant funds and/or Digital Assets.

9C. **AIRDROPS**

9C.1 In the event of an Airdrop, Crypto.com may temporarily suspend any Crypto.com App Services or Crypto.com Web Services or any Digital Assets for an extended period of time (with or without advance notice to you) until we have determined that such functionality can be restored. This could occur with potentially little or no warning and your ability to use the Services or Digital Assets may be limited and subject to the Airdrop.

9C.2 Upon becoming aware of an Airdrop and to the extent that we have any rights or are able to take any action, we may in our sole discretion determine whether to credit any Digital Assets and/or benefits received by us to a Crypto.com account or participate in an Airdrop, and upon what terms to do so, such decision regarding the Digital Assets and/or benefits remains with us at all times. We will not be liable to you for failure to credit any Digital Asset and/or benefits to you or participate in any Airdrop. If we do not support an Airdrop, we may claim such Airdrop and any Digital Asset and/or benefits in relation to it, for our own benefit (unless it is unavoidable or impractical to avoid based on the means of distribution). Where due to an Airdrop, any airdropped Digital Assets and/or benefits in respect of any Digital Assets have been received by you directly, we may claim such airdropped Digital Assets and/or benefits from you and you agree to return such airdropped Digital Assets and/or benefits to us. You further agree that any Digital Assets and/or benefits in relation to an Airdrop does not create or represent any relationship between us and the sender and/or the related Digital Asset network, and that we are not subject to any obligations whatsoever as they relate to the sender and/or the related Digital Asset network.

You acknowledge that in agreeing to these Terms you do not rely on any statement, representation, warranty, or understanding other than those expressly set out in these Terms.

22.2. These Terms are concluded in the English language and all communications including any notices or information being transmitted shall be in English. In the event that these Terms or any part of it is translated (for any proceedings, for your convenience or otherwise) into any other language, the English language text of these Terms shall prevail (except where expressly prohibited by law).

23. WAIVER

23.1. These Terms shall not be waived in whole or in part except where agreed by all parties in writing.

23.2. The delay of enforcement or the non-enforcement of any of the terms of these Terms by any party shall not be construed as a waiver of any of the other rights of that party arising out of the breach or any subsequent breach of any of these Terms and no right, power or remedy conferred upon or reserved for any party in these Terms is exclusive of any other right, power or remedy available to that party and each such right, power or remedy shall be cumulative.

Any arbitration commenced pursuant to this Clause shall take place in the English language. The number of arbitrators shall be one, to be appointed by agreement between the parties to the proceedings. Failing such agreement within fourteen (14) days from the due notification of a written request to concur in the appointment of the arbitrators, appointment shall take place by the Chairman of the Malta Arbitration Centre.

ADDENDUM 1 – Level Up Program Terms and Conditions

These Level Up Program Terms and Conditions ("**Terms**") incorporate, and are a part of, the relevant Crypto.com App and/or Web terms and conditions ("**App T&Cs**") and Crypto.com Visa/Mastercard Card terms and conditions ("**Card T&Cs**"), (together, the "**Agreement**"). Unless otherwise stated, defined terms used in these Terms shall have the same meanings given to them in the App T&Cs. In the event of any inconsistency between (a) the App T&Cs and/or the Card T&Cs and (b) these Terms with respect to the Program (as defined below), these Terms shall prevail; except for aspects relating to the application and/or usage of the App and/or the Crypto.com Visa/Mastercard Card, in which case the respective App T&Cs and/or the Card T&Cs shall prevail.

1. General Provisions

1.1. **Description of Service.** The Level Up Program ("**Program**") is a rewards and benefits program available to eligible Users of the Crypto.com App ("**User**") to earn rewards and receive benefits associated with the application for and/or usage of the Program. The Program may be accessed through one of several entry methods, including (i) lockup of CRO, (ii) staking of CRO, or (iii) payment of a recurring subscription fee, each as further described below and in the Program FAQs (as defined below). The Program may overlap with certain legacy programs which may provide similar or related benefits. The applicable entry method to the Program and benefits may depend on your eligibility, location, or prior participation in legacy programs. For further details on eligibility, entry methods, and the interaction between the Program and any similar or overlapping legacy programs, please refer to the Program FAQs, which may be updated from time to time.

1.2. **Optional and Voluntary Use.** You are not required to lock up or stake your CRO in the Program and you can opt out of any Staking Services (as defined below) by unstaking your Staked CRO (as defined below) at any time subject to the relevant unbonding period and Holding Period (as defined below). The use of any other product offered by us or our Affiliates is not dependent on or determinative of your election to lock up or stake or otherwise use the Program. You are not obliged to purchase CRO on the Crypto.com App, from us or any of our Affiliates, in order to lock up or stake your CRO for use in the Program. Before you begin staking, please note and understand the difference between unstaking and unbonding, and how your actions to unstake is dependent on the unbonding period put in place by the Supported Blockchain Network (as defined below). The unbonding period may be beyond our control and is distinct from and applies in addition to the Holding Period (as defined below) imposed by us. Use of the Program can be risky, and you should conduct your own due diligence and consult your advisors before making any decision regarding whether to use the Program.

1.3. **Definitions.**

a. "**Cardholder**" means a Crypto.com App user who is a holder and user of the Crypto.com Visa/Mastercard Card.
b. "**CRO**" means the native token of the Cronos POS chain.
c. "**Level Up Tier**" means the different Level Up Program tiers, each such tier requiring User to lock up or stake a specified amount of CRO , or pay the corresponding subscription fee, to be eligible, which will determine the corresponding benefits that User may receive at our sole discretion.
d. "**POS**" means Proof of Stake consensus mechanism.
e. "**Program FAQs**" means the Level Up FAQs available here as may be updated from time to time.
f. "**Staking Service**" means the online service that gives eligible User the option to engage in POS consensus mechanisms on the Supported Blockchain to secure the applicable network, by validating transactions propagated over the network.
g. "**Supported Blockchain Network**" means the Cronos POS chain.

2. Program Participation.

2.1. **Level Up Lock Up**. Program participation via Level Up Lockup is available for customers who live in territories where the Staking Service is unavailable. To participate in the Program via Level Up Lockup, you agree to lock up the specified amount of CRO for the specified amount of time and meet certain eligibility criteria as set forth in the Level Up Lockup FAQ pages available in the Program FAQs.

2.2. **Level Up Staking.** Program participation via Level Up Staking is only available for customers who live in territories where the Staking Service is available. In order to participate in the Program, you agree to stake the specified amount of CRO through the Staking Service required to be eligible for your preferred Level Up Tier, as specified in the Program FAQs ("**Holding Period**"), in accordance with these Terms ("**Level Up Staking**"). By accessing or using the Staking Service, you understand and agree that we may engage our Affiliates and/or third-party service provider(s) (together, the "**Staking Providers**") to facilitate the staking of the CRO on your behalf ("**Staked CRO**"), by acting as a transaction validator on the Supported Blockchain Network. For the avoidance of doubt, the Program and Staking Service are separate and distinct from the Crypto.com App On-Chain Staking functionality made available by the relevant service provider. For further information regarding Crypto.com App On-Chain Staking, please refer to the FAQs available here. **Staking is not regulated under Regulation 2023/1114 on Markets in Crypto-Assets ("MiCA") as implemented in Malta by the Markets in Crypto Assets Act.**

2.2.1. **Validation Rewards.** In return for securing the Supported Blockchain Network, the Supported Blockchain Network may provide transaction validators with a reward ("**Validation Reward**"). If the Staking Providers successfully validate a block of transactions in respect of your Staked CRO, you are entitled to an applicable portion of the Validation Reward in proportion to the amount of your Staked CRO (less any applicable fees). The Validation Rewards are granted by and determined by the protocol of the Supported Blockchain Network. You have no right to any Validation Reward in respect of the Staked CROs until it is generated (or unbonded as applicable) by the Supported Blockchain Network and disbursed to you via blockchain addresses facilitated by us. Depending on the Supported Blockchain, it may take time before your Staked CROs are eligible to participate in transaction validation and start receiving rewards.

2.2.2. **Level Up Staking Rewards.** We may, at our sole discretion, provide you with our approximated projection ("**Estimated APR**") of the actual Validation Rewards you may be entitled to if the Staking Providers successfully validate a block of transactions in respect of your staked CRO, less a fee payable for the provision of the Crypto.com Visa/Mastercard Card Services (and the Level Up Benefits corresponding to the applicable Level Up Tier, other than the Level Up Staking Rewards) ("**Level Up Staking Rewards**"), as expressly set out in the Program FAQs and which may be updated from time to time. Following the receipt of Validation Reward from the Supported Blockchain Network, if any, we shall (dependent on the Supported Blockchain Network and the terms of our agreement with any Staking Provider) facilitate the distribution of the Level Up Staking Rewards to you. You understand that the Estimated APR provided by us is purely an estimation of the Level Up Staking Rewards and is in no way a guarantee or confirmation that you will actually receive such Level Up Staking Rewards or such amount of Level Up Staking Rewards. You acknowledge that the Estimated APR and Level Up Staking Rewards, including the timing and frequency of Level Up Staking Rewards, may change over time and is dependent on the Supported Blockchain Network and the fee we may charge for providing you with the Services with respect to the Crypto.com Visa/Mastercard Card and the Level Up Benefits, which is subject to change in our sole discretion. WE, OUR AFFILIATES, AND/OR THE STAKING PROVIDERS, DO NOT GUARANTEE THAT YOU WILL RECEIVE ANY LEVEL UP STAKING REWARDS, OR THE ESTIMATED APR. YOU

ACKNOWLEDGE AND AGREE THAT WE, OUR AFFILIATES AND/OR THE STAKING PROVIDERS, ARE NOT LIABLE FOR ANY FAILURE BY THE SUPPORTED BLOCKCHAIN NETWORK OR OTHER THIRD PARTY IN DISBURSING ANY LEVEL UP STAKING REWARD.

2.2.3. **Slashing.** The Supported Blockchain Network may subject Staked CROs to "slashing" if the transaction validator representing those assets incorrectly validates or fails to validate a transaction. Slashing typically involves the reduction or confiscation of a validator's assets as a consequence of their improper actions. As a result, there may be non-payment of Validation Rewards and the Staked CROs may be subject to a penalty. The Staking Providers will use reasonable skill, care and diligence in delivering services, including in seeking to prevent any Staked CROs from slashing; however, in the event that slashing occurs, unless otherwise provided in this Agreement, we will have no obligation to replace your Staked CROs unless the penalties are the result of our failure to use reasonable skill, care and diligence; we will not be obliged to replace your Stakes CROs if slashing occurs as a result of (i) your acts or omissions; (ii) maintenance of the Supported Blockchain Network, bugs, errors; (iii) acts by a hacker or other malicious actor; or (iv) Force Majeure Events. You acknowledge and agree that slashing may result in partial or total loss of your Staked CROs and applicable portion of the Validation Rewards, which will result us being unable to distribute a portion or the entire amount of Level Up Staking Rewards to you.

2.2.4. **Redemption and Unbonding Period.** You may request to unstake your Staked CROs at any time after the Holding Period. Upon receipt of your request, we will initiate the unstaking process as soon as practicable and in any case without undue delay. You acknowledge that your unstaking request is irrevocable and that you forfeit any Validation Rewards which, at the point of the unstaking request, have not been distributed by the protocol of the Supported Blockchain Network, and therefore you forfeit the resulting Level Up Staking Rewards. You acknowledge and agree that the redemption of or access to Staked CROs may be delayed as a result of the full waiting period imposed by the Supported Blockchain or due to network conditions of the Supported Blockchain Network.

2.2.5. **Governance and Voting.** The underlying protocol of the Supported Blockchain Network may offer stakers the ability to vote on matters related to the governance of protocol-level issues. You agree that Staking Providers have no obligation to support any governance or voting in respect of your Staked CROs, and further that in certain cases, Staking Providers may vote on your behalf e.g. where Staking Providers or the applicable protocol does not support delegated voting.

2.3. **Level Up Subscription**. In addition to the methods of participation set out above, eligible users may access the Program by payment of a recurring subscription fee ("**Subscription Access**"), subject to the terms herein and as further detailed in the Program FAQs.

2.3.1. **Subscription Fee**. The subscription fee, frequency (monthly or yearly), payment methods, and eligibility criteria shall be as specified in the Program FAQs and may be amended from time to time at our sole discretion.

2.3.2. **Payment of Subscription Fee**. By electing to participate in the Program via Subscription Access, you authorize us to charge the applicable subscription fee on the applicable recurring basis to any account, wallet, or balance held by you with us or any of our Affiliates. If our initial payment attempt to your selected payment method is unsuccessful, we will, if practicable and at our discretion, automatically retry charging your selected payment method or, at our discretion, deduct the equivalent amount from any account, wallet (including your Digital Asset Wallet and Cash Account), or balance (including in cash or in Digital Assets) held by you with us or any of our Affiliates, without further notice or demand. We may vary the timing, number, sequence, and sources of payment debit attempts from time to time in our discretion. All such amounts deducted from your Digital Asset Wallet shall be at a rate determined by us with reference to prevailing market rates

at the time of deduction. If all payment attempts are unsuccessful, your participation in the Program will be accordingly downgraded or suspended, and you will immediately lose access to all benefits and privileges associated with your current tier. No further notice will be provided prior to such downgrade or suspension. By cancelling your subscription, you revoke your authorization for us to charge the applicable account.

2.3.3. **Refunds**. Notwithstanding the foregoing, we may, in our sole and absolute discretion, elect to provide a full or partial refund of the subscription fee in limited circumstances as may be set out in the Program FAQs. Any such refund shall, to the extent practicable and at our discretion, be made using the original payment method. Where this is not possible or where we otherwise determine, we reserve the right refund you in an alternative cash currency or Digital Asset, at our sole discretion. For the avoidance of doubt, you acknowledge and agree that, except at our sole and absolute discretion, you shall not be entitled to any refund, reversal, or credit of the subscription fee on the basis of change of mind, dissatisfaction, or for any other reason.

2.4. **Level Up Benefits.** In return for your use of the Program by engaging in Level Up Staking, we may award you with certain purchase rebates, cashback rewards and/or other benefits associated with our Affiliates' products and services corresponding with your Level Up Tier as set out in the Program FAQs, in addition to the Level Up Staking Rewards (together, the "**Level Up Benefits**"). If you request to unstake your Staked CROs, you will stop receiving the Level Up Benefits immediately. If for any reason the Level Up Benefits, or any part of a Level Up Benefit, is unavailable or a Level Up Benefit or related event is delayed, cancelled or postponed, or for any other reason, Crypto.com reserves the right to modify the Program and the Level Up Benefits in its sole discretion. No substitution, transfer, assignment or cash equivalent of the Level Up Benefit or any portion thereof, is permitted by the User. Crypto.com and its Affiliates shall have no responsibility or obligation to a User who is unable or unavailable to, or who does not for any reason, accept or utilize a Level Up Benefit. All costs and expenses not specifically listed above as part of the Level Up Benefit are solely the User's responsibility.

3. **Our Rights**. Crypto.com shall have the sole discretion to cancel, terminate, suspend, modify or replace the Program or any aspect of the Program (including the Level Up Staking Rewards and/or Level Up Benefits) at any time, without prior notice to you and for any reason, including, but not limited to, if the Program is not capable of running as planned which in our sole determination corrupts or affects the administration, security, fairness, integrity or proper conduct of the Program or for any regulatory or legal reasons. In the event of such cancellation, termination, suspension, modification or replacement, we shall use reasonable endeavours to facilitate the return to you your Staked CROs, or whole or partial refund of your Subscription Access fee, subject to the terms of this Addendum.

ADDENDUM 2 – Crypto.com Rips Terms and Conditions

PLEASE MAKE SURE YOU FULLY READ AND UNDERSTAND THESE TERMS AND KEEP THEM FOR FUTURE REFERENCE. THESE TERMS INCLUDE A WAIVER OF YOUR RIGHT TO PARTICIPATE IN CLASS OR REPRESENTATIVE ACTIONS AND AN AGREEMENT TO RESOLVE DISPUTES BY ARBITRATION ON AN INDIVIDUAL BASIS. PLEASE REFER TO SECTION 14 FOR ADDITIONAL DETAILS.

1. Introduction

These Terms and Conditions ("**Terms**") apply to your use of Crypto.com Rips ("**Rips**", as defined below) which are made available through the Crypto.com mobile application (the "**App**") and the Crypto.com web-based software application (the "**Site**," collectively with the App, the "**Platform**"), each as provided by the Crypto.com entity that provides the Platform to you in your jurisdiction (the "**App Provider**"). Your access to and use of the Platform is subject to the Crypto.com App and Web terms and conditions applicable in your jurisdiction between you and the App Provider (the "**Platform Terms**"), which you must separately accept in order to access the Platform. In the event of any conflict between these Terms and the Platform Terms, the Platform Terms shall control with respect to your use of the Platform generally, and these Terms shall control with respect to Rips specifically.

The Services (as defined in Section 2 below) expressly exclude certain products and services (the "**Third-Party Services**") provided by third-party service providers (the "**Third-Party Service Providers**"). **WE DO NOT PROVIDE ANY OF THE UNDERLYING THIRD-PARTY SERVICES.** Third-Party Services are subject to their own terms, and we are not responsible for them. You must apply for and be approved to access the Third-Party Services by the Third-Party Service Providers, at their sole discretion. Your creation of an account to use our Services does not guarantee access to the Third-Party Services.

These Terms form an agreement between you and Foris, Inc. (the "**Company**," together with its affiliates, "**Foris**," "**we**," or "**our**," as the context dictates), which is the provider of the Services, and they include important provisions for resolving disputes through arbitration. You and we are collectively the "**Parties**" and each a "**Party**".

Our Privacy Policy explains how we collect and use personal information and can be found at: https://crypto.com/privacy/global.

By accessing or using any of our Services, you agree to be bound by these Terms, the Platform Terms and our Privacy Policy, and you confirm that you have fully read and understood them, including the risks described in them, before using any Services. If you do not agree to any of them, you must not access or use the Services. These Terms supersede and replace all prior terms and conditions, agreements, understandings and communications, whether written or oral, relating to your use of the Services. We may amend, supplement, replace or remove any part of these Terms from time to time without further notice subject to applicable laws. You are responsible for regularly reviewing these Terms. The version in effect when you access or use the Services governs that access and use, including every order, transaction, position and instruction you place, enter into or keep open after the change takes effect, and replaces all earlier versions. By continuing to access or use the Services after a change takes effect, you accept the change. If you do not agree to any change, you must stop accessing and using the Services immediately.

Withdrawal of proceeds from accepted Buyback Offers (as defined below) is facilitated through a fiat currency account made available within the App by the Crypto.com entity that provides such account to you in your jurisdiction, which may be different from the App Provider (such account, a "**Cash Account**", and such entity, the "**Cash Account Provider**"), subject to the terms and conditions set forth in Section 5 below and any terms and conditions specified by the Cash Account Provider. **You acknowledge and agree that if you do not hold a Cash Account, the proceeds of any accepted Buyback Offer cannot be transferred to you.**

2. Overview

In certain jurisdictions, you may purchase physical trading cards owned by third-party(ies). To purchase these physical trading cards, (i) the Company must receive the purchase price from you and (ii) you must digitally open a digital representation of a physical trading card (referred to as a "**Rip**") via the Platform or take no action within forty-eight (48) hours or the duration otherwise specified in the App. The Rip itself is not a digital good. You may sell the physical trading card back to the vendor, which is Phygitals, Inc. (together with its subsidiaries and affiliates, "**Phygitals**") or Collector Crypt Corp. (together with its subsidiaries and affiliates, "**Collector Crypt**") at the price offered by Phygitals or Collector Crypt (each a "**Vendor**" and collectively "**Vendors**"), as applicable. The price offered by the Vendor will be displayed on the Platform and you may accept or reject the offer via the Platform. The Buyback Offer and associated Buyback Value (each as defined below) are determined by the Vendor in its sole discretion. It is not an offer made by the Company. The Company's facilitation of Rips and related services as described in these Terms are collectively referred to as the "**Services**."

Rips are offered by the Company as part of the Services and the physical trading cards are offered by the Vendors. Each Vendor is the merchant of the physical trading cards. Each Vendor maintains storage of the physical trading cards, and is responsible for authentication, grading verification, Buyback Offers (as defined below) and shipping of the physical trading cards should you choose to have a physical trading card you purchase shipped to your designated address.

You acknowledge that each Vendor is independent from the Company and that by using the Services, you must accept and abide by these Terms and accept and abide by each Vendor's terms of service with respect to the physical trading card supplied by that Vendor. Phygitals' Terms of Service are available at Phygitals Terms of Service. Collector Crypt's Terms are available at Collector Crypt Terms of Service. You must accept each of these terms of service as a condition of using the Services to purchase a physical trading card from the Vendors or selling a physical trading card back to the applicable Vendor. In the event of any conflict between the Vendors' respective Terms of Service and these Terms, these Terms shall control.

RIPS ARE NOT FINANCIAL INSTRUMENTS OF ANY KIND, INCLUDING PAYMENT INSTRUMENTS, PREPAID ACCESS, AND STORED VALUE, DERIVATIVES, NOR SECURITIES. RIPS AND THE PHYSICAL TRADING CARDS ARE NOT SUBJECT TO REGULATION BY FEDERAL OR STATE SECURITIES OR FINANCIAL SERVICES REGULATORS.

YOU MUST BE AT LEAST EIGHTEEN (18) YEARS OF AGE TO USE CDC RIPS, OR SUCH HIGHER MINIMUM AGE AS MAY BE REQUIRED IN YOUR JURISDICTION OF RESIDENCE.

3. Availability; Taxes

The Company may, in its sole discretion, elect to make Rips available only in certain jurisdictions, and may expand, restrict, suspend, terminate, or discontinue such availability in any jurisdiction and to any individual at any time without notice. Purchases of physical trading cards via Rips may be subject to applicable sales, value added, goods and services or similar taxes. The Company may collect and remit sales tax, value added tax, use taxes, and any other taxes where required by applicable law; however, you are solely responsible for determining and fulfilling any tax obligations arising from your use of Rips and the purchase, shipment, and/or sale of physical trading cards through the Services. All purchases and acceptances of Buyback Offers (as defined in Section 5) shall be deemed for all purposes to occur at the location of the storage facility where the applicable physical trading card is held by the applicable Vendor or its service provider.

4. Purchase; Randomized Contents; No Guarantee of Value

Each Rip represents the opportunity to receive a randomly selected physical trading card corresponding to a physical card owned and held in custody by the Vendors, determined by a random number generator ("**RNG**") algorithm deployed by the Vendors at the time of opening. The odds of obtaining any particular physical trading card are disclosed through the applicable Vendor's provable fairness system,

which allows you to independently verify that each card selection was randomly determined according to the stated odds.

You acknowledge and agree that:

(a) Rips contents are randomized — the specific physical trading cards you receive are not predetermined or guaranteed and are subject to the Vendors' provable fairness system;

(b) the value of the physical trading cards received may be more or less than the purchase price paid via the Services;

(c) past results, including the physical trading cards received by other users, do not guarantee or predict future results;

(d) purchasing a physical trading card through Rips involves an inherent element of chance regarding the specific items received; and

(e) title to purchased physical trading card transfers from the applicable Vendor to you at such Vendor's warehouse location unless you designate a specific, legitimate shipping address at the point of sale.

Odds Disclosure. Information about the odds, rarity tiers, and drop rate ranges for a physical trading card represented by a Rip is available through the applicable Vendor's provable fairness documentation. Odds may vary by Rips type and are determined at the time of purchase. Any changes to odds or composition of physical trading cards available will be disclosed prior to becoming effective.

Neither the Company nor the Vendor guarantees any particular outcome in connection with the odds, contents, and redemption rights associated with each Rip. You acknowledge that odds, contents, and redemption rights are not determined, guaranteed, or provided by the Company.

DISCLAIMER OF LIABILITY: TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE COMPANY DISCLAIMS ALL LIABILITY ARISING OUT OF OR IN CONNECTION WITH THE RANDOMIZED SELECTION OF PHYSICAL TRADING CARDS VIA RIPS, INCLUDING BUT NOT LIMITED TO LIABILITY FOR ANY LOSS OF VALUE, DAMAGE TO, OR LOSS OF DIGITAL OR PHYSICAL GOODS ASSOCIATED WITH RIPS. THIS DISCLAIMER SUPPLEMENTS AND DOES NOT LIMIT THE DISCLAIMERS SET FORTH IN THESE TERMS.

The physical trading cards themselves are produced by third-parties and may contain protected trademarks, copyrights, and other intellectual property. The producers of the physical trading cards are not parties to your purchase or a Buyback Offer (as defined in Section 5). Participation in the Services does not confer any rights or license to use those third-parties' protected intellectual property, trademarks, copyrights, or brands.

From time to time and in its sole discretion, the Company may purchase physical trading cards from the Vendors or other third parties and transfer one or more cards to you for free ("**Promotional Rips**"). Eligibility and conditions to receive physical trading cards for free, the nature and quality of the card, and the number of cards made available to any individual or in aggregate, among other factors, are in the Company's sole discretion. You are not entitled to nor have any rights to receive a free physical trading card. Past offers are not binding on future offers and do not represent any promise, guarantee, or indication that the Company will give away physical trading cards in the future or upon the same terms as prior giveaways. The Company makes no representations about the value or quality of the physical trading cards given to you for free nor the ability to re-sell such cards. Storage and re-sells are subject to Section 5 and shipping is subject to Section 6. By digitally opening the Promotional Rip in the App and completing any conditions otherwise specified by the Company, title of the physical trading card passes to you. If you do not digitally open the Promotional Rips within the time specified in the App, the Company reserves the right to rescind the Promotional Rip. Accepted Promotional Rips are subject to the

Buyback Offer as defined in Section 5; however, you will be deemed to accept the Buyback Offer if you do not ship the physical trading card within twelve (12) hours or the time period otherwise specified in the App. All such cards are subject to these Terms, including Sections 3-7.

5. Storage; Buyback Offer

Storage. Once you open a Rip, the physical trading card you receive will be shown on the Platform. Upon the Company receiving the payment and you opening the Rip, title to the physical trading card passes to you. If your payment is received but you do not open the Rip for seventy-two (72) hours or as otherwise specified in the App, you will be deemed to have tacitly opened the Rip and the Company will open the Rip and credit it to your account. After the purchase, the physical trading cards are held in custody by the applicable Vendor on your behalf. You may store a physical trading card for a maximum of forty-eight (48) hours or as otherwise specified in the App after the date of purchase, twelve (12) hours after opening in the case of a Promotional Rip or as otherwise specified in the App (each, the applicable "**Storage Period**"). During the applicable Storage Period, you may elect via the Platform to (i) request shipment of the card or (ii) accept a Buyback Offer (as described below). If you do not request shipment or accept a Buyback Offer within the applicable Storage Period, you will be deemed to have voluntarily accepted the then-available Buyback Offer for the physical trading card.

Buyback Offer. After you open a Rip, you may be presented a time-limited offer from the Vendor to repurchase the physical trading card at the applicable buyback rate displayed at the time of the offer (a "**Buyback Offer**") via the Platform. Buyback Offers vary based on the value of the physical trading card and are determined by the Vendor based on its own pricing methodology. Buyback Offers expire automatically after the applicable offer window closes, as displayed at the time of the offer; expired Buyback Offers cannot be reinstated. Acceptance of a Buyback Offer, whether express or deemed pursuant to the expiration of the applicable Storage Period, is voluntary and constitutes a separate transaction. It is not a refund or reversal of your purchase. By accepting a Buyback Offer (whether expressly or by deemed acceptance pursuant to the expiration of the applicable Storage Period), you are selling the applicable physical trading card to the Vendor, and all right, title, and interest in such physical trading card shall transfer from you to the Vendor upon payment by the Company, on the Vendors' behalf, of the applicable Buyback Value. For the avoidance of doubt, the Company facilitates and funds Buyback payments as authorized by the Vendor but does not itself operate, administer, or sponsor any buy-back, return, or repurchase program; all Buyback Offers are made solely by the Vendor. You acknowledge and understand that: (a) the Buyback Offer is a feature offered at the Vendors' discretion and may be suspended, modified, or discontinued at any time without notice; (b) the price offered pursuant to a Buyback Offer (the "**Buyback Value**") is determined by the Vendor based on its own pricing methodology and may differ materially from the fair market value of the physical trading card, any third-party appraisal or grading-service valuation, or any price at which the same or a comparable physical trading card may be available for purchase or sale on secondary markets or other platforms; (c) there is no guarantee that any physical trading card will have a Buyback Offer or that the Buyback Value will equal or exceed the purchase price paid via the Services; (d) neither the Company nor the Vendors make any representation that the Buyback Value reflects the actual, intrinsic or realizable value of any card; and (e) the existence of a Buyback Offer should not be relied upon as an assurance of value of a physical trading card or return on any Rip purchase. You expressly waive any claim against the Company and the Vendor arising from a difference between the Buyback Value and any other valuation of the physical trading card.

If you accept a Buyback Offer, the proceeds of the sale will be credited to you. To withdraw the proceeds, you must open a Cash Account provided by the Cash Account Provider. You expressly agree that the proceeds of a Buyback Offer will be available for withdrawal exclusively via the Cash Account. The opening of such an account is solely at the discretion of the Cash Account Provider and is subject to the Cash Account Provider's know-your-customer and identity verification requirements. If you do not open a Cash Account, or if you are denied such an account, you are not entitled to a refund. Neither the Company nor the Cash Account Provider shall have any liability to you arising from your inability or failure to open a Cash Account. You acknowledge that the opening of a Cash Account constitutes a separate contractual relationship between you and the Cash Account Provider, and the Company is not a party to that relationship.

6. Shipping

You may request via the Platform that a physical trading card in your account be shipped to you, subject to identity verification and any other requirements described in these Terms or communicated by the Company. Shipping is available to eligible addresses subject to each Vendor's Terms of Service. In order to ship a physical trading card to you, you must provide to the Vendor, via the Services, the specific shipping address. The address must be a valid address and all necessary elements of a complete address must be provided. If you do not provide a specific shipping address, the physical trading card shall remain in the third-party custody facility designated by the Vendor or its service provider, and the transaction shall be deemed for all purposes to have occurred at the location of such facility.

To ship a physical trading card, your access to the Services must not be restricted or terminated. Once a physical trading card has been handed to the carrier for shipment, neither the Company nor the Vendors shall have any liability for any loss, damage, or delay occurring during transit, including any loss or damage caused by the carrier, customs, or any other third party. Risk of loss passes to you upon delivery of the card to the carrier.

7. Returns and Refunds

All purchases via the Services are final. Once the Company receives the payment proceeds and you open a Rip, the transaction cannot be reversed, and dissatisfaction with the randomized outcome is not grounds for a refund. The Company may, in its sole discretion, issue a refund or credit in the event of: (a) a verified technical malfunction during the purchase or opening process that prevented the proper delivery of randomized contents; (b) unauthorized transactions reported within thirty (30) days in accordance with the Company's fraud reporting procedures; or (c) other circumstances that the Company determines, in its sole discretion, warrant an exception. Refund requests must be submitted within thirty (30) days of the transaction date.

8. Disclaimers; Limitations of Liability

Without limiting the disclaimers and limitations set forth in these Terms, you acknowledge and agree that:

(A) THE COMPANY MAKES NO REPRESENTATIONS OR WARRANTIES REGARDING THE VALUE, AUTHENTICITY, QUALITY, CONDITION, RARITY, OR MARKETABILITY OF ANY CARD OBTAINED THROUGH A RIP. ALL CARDS ARE PROVIDED "AS IS" AND "AS AVAILABLE." (B) IN NO EVENT SHALL THE COMPANY'S AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO RIPS EXCEED THE TOTAL AMOUNT YOU PAID VIA THE SERVICES DURING THE TWELVE (12) MONTHS PRECEDING THE EVENT GIVING RISE TO THE CLAIM. (C) THE COMPANY SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES ARISING OUT OF OR RELATING TO RIPS, INCLUDING LOST PROFITS, LOSS OF DATA, DIMINUTION IN VALUE, OR COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES. (D) THE COMPANY SHALL NOT BE LIABLE FOR ANY ACTS OR OMISSIONS OF THE VENDOR, THE APP PROVIDER OR THE CASH ACCOUNT PROVIDER IN CONNECTION WITH THEIR RESPECTIVE SERVICES, INCLUDING ANY LOSS, DAMAGE, OR DELAY IN CONNECTION WITH CARD STORAGE, AUTHENTICATION, SHIPPING, OR THE PROCESSING OF BUYBACK PROCEEDS, EXCEPT TO THE EXTENT CAUSED BY THE COMPANY'S OWN GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

9. Risk Disclosure

The following risk disclosures apply to your purchase, holding, and redemption of physical trading cards via Rips. This is not an exhaustive list of risks; there may be other risks associated with Rips that are not described below.

(a) **Volatility**. The value of physical trading cards is determined by market demand and supply. Accordingly, these commodities may experience price volatility (the value of a card can be

extremely volatile and may drop to zero); liquidity risks (there is no guarantee that there will be an active market for any card at a given time, and you may not be able to sell your card when you want to or at a price you consider fair); regulatory uncertainty (changes in laws or regulations may adversely affect the value or utility of your card); and loss of access (you are responsible for the security of your account and any associated credentials, and loss of access may result in loss of access to your card or its value).

(b) **Platform and Technical Risks**. Rips depend on technology operated by the Company, the App Provider, the Cash Account Provider and the Vendor, each of which involves technical risks, including: software bugs (the platforms and systems used to operate Rips may contain defects or errors that could compromise security or functionality); network risk (to the extent any blockchain network is used in connection with Rips, the Company is not responsible for the operation of that network); vendor dependency (Rips rely on the App Provider, the Cash Account Provider and other service providers); and counterparty risk (your counterparty is the Vendor who is also responsible for custody, authentication, and fulfillment, so failures or interruptions in these services may affect your ability to use Rips).

(c) **Risks of Randomized Goods**. Purchasing a physical trading card via Rips involves a randomized goods mechanic. The value of the card you receive is not guaranteed and may be less than the purchase price. The distribution of cards is based on disclosed probabilities; receiving a high-value card is rare. You should review the disclosed odds before purchasing. Rip purchases should be for entertainment and collection purposes only, not as an investment strategy. Rips are not a security, derivative, or any type of financial instrument. The Company does not offer or solicit investments in any form through Rips.

(d) **Vault and Physical Asset Risks**. Physical cards are held in custody by the Vendor in professional vaults on your behalf, but risks remain, including: damage or loss (there is a risk of damage, loss, or theft of physical items); no government insurance (Rips and the physical cards are not insured by any governmental agency); limits of private insurance (the Vendors and their vault partners maintain insurance, but such insurance may not cover the entirety or any of the value of lost, damaged, or stolen cards); authentication errors (grading and authentication are performed by third-party grading services such as PSA, BGS, SGC, and CGC, and the Company does not guarantee the accuracy of their assessments); shipping risks (redeeming physical cards involves shipping risks, and neither the Company nor the Vendor shall have any liability for loss, damage, or delay after a card has been handed to the carrier); and value/oracle risk (card value data is provided "as is" from third-party sources, and inaccurate, delayed, or manipulated card value data could affect the value credited to you).

(e) **Withdrawal and Account Risks.** Withdrawal of Buyback Offer proceeds requires a Cash Account provided by the Cash Account Provider, which is subject to the Cash Account Provider's know-your-customer requirements and approval at the Cash Account Provider's sole discretion. There is no guarantee that you will be approved for a Cash Account. If you are unable to open a Cash Account, your ability to withdraw Buyback Offer proceeds may be limited or unavailable, and you will not be entitled to a refund of the underlying Rip purchase price. You should not purchase a Rip with the expectation of being able to withdraw Buyback Offer proceeds unless you have already been approved for, or are confident you can obtain, a Cash Account.

If you have questions about the risks described in this Section 9, contact the Company via live Crypto.com in-app chat or at https://chat.crypto.com/.

(t) exploit any known error, bug, or data-synchronization issue to obtain a Rip, physical trading card, or credit to which you would not otherwise be entitled;

(x) purchase Rips on behalf of, or provide access to Rips to, any individual under the age of eighteen (18) (or such higher minimum age as may be required in your jurisdiction of residence).

If the Company determines, in its reasonable discretion, that you have engaged in any of the foregoing, the Company may suspend, restrict, or terminate your access to Rips and to the Services, in addition to any other remedies available under the Terms or at law.

12. Privacy and Personal Data

(a) **Privacy Notice**. These Terms incorporate by reference, as though they were fully restated herein, the provisions of the following terms and policies: (i) our privacy notices, accessible at https://crypto.com/privacy/global (collectively the "**Privacy Notice**"), as they may be amended

from time to time, and (ii) our cookies policy accessible at the Cookie Preference banner on the Platform, as it may be amended from time to time. By using the Platform and/or Services, you confirm that you have read and understood the Privacy Notice and understand how we may collect, use, disclose and share amongst ourselves your personal data and disclose such personal data to our authorized service providers and relevant third parties. You agree that your license to access the Platform and Services is subject to your continuing agreement to the Privacy Notice.

(b) **Additional Acknowledgements**. Without limiting anything in the Privacy Notice or in these Terms, you represent, warrant, acknowledge, and agree that:

(i) we may process personal data relating to you and personal data relating to third parties when you provide personal data to us that relates to such individuals;

(ii) before disclosing any personal data to us, you have read and understood these Terms, and before disclosing the personal data of third parties, you have provided these Terms to the third parties and obtained their consent hereto;

(iii) any personal data that you disclose in connection with the Platform and Services or other services was or will be disclosed in accordance with all applicable privacy and data protection laws, and that all such data are current, accurate and relevant;

(iv) where you access or use third-party services, you have read, understood and agreed to the privacy notices and other terms applicable to those services, and the processing of any personal data in connection therewith, both by us and the applicable third party; and

(v) you authorize your wireless carrier to use or disclose information about your account and your wireless device, if available, to us and/or our service providers for the duration of your business relationship with us, solely to help us and/or our service providers identify you or your wireless device and to prevent fraud (see the Privacy Notice for how we treat your data).

(c) Without limiting the foregoing, you acknowledge that the Company may share personal information you provide in connection with your purchase and use of Rips, including, without limitation, your name, shipping address, and transaction history, with the Vendor, the App Provider and the Cash Account Provider to the extent necessary for each to perform its respective obligations in connection with these Terms, including card storage, authentication, shipping, and the processing of Buyback Offer proceeds. Each of the App Provider's, the Cash Account Provider's and the Vendor's collection and use of your personal information is governed by their respective privacy policies available at Phygitals Terms of Service, Collector Crypt Terms of Service and the privacy notices referred to in the Platform Terms and the terms and conditions of the Cash Account Provider.

13. Indemnification

You agree to indemnify and hold the Company and the Third-Party Service Providers, each of their respective Affiliates, and each of the foregoing parties' respective shareholders, members, managers, officers, directors, agents, joint venture entities, employees, and representatives, harmless from any first-party or third-party claim or demand (including attorneys' fees and any fines, fees or penalties imposed by any governmental or regulatory authority) arising out of or related to (a) your breach of any of these Terms; (b) your breach of any of the terms of our Third-Party Service Providers; (c) your violation of any Applicable Laws or regulations of any jurisdiction, or the rights of any third party; and (d) any inaccuracy or omission in any of your representations, warranties, and certifications at any time.

14. Dispute Resolution; Binding Arbitration; Class Waiver.

Please read the following section carefully because it requires you to arbitrate certain disputes and claims with the Company and limits the manner in which you can seek relief from us, unless you opt out of arbitration by following the instructions set forth below. No class or representative actions or arbitrations are allowed under these Terms. In addition, arbitration precludes you from suing in court or having a jury trial.

(a) **No Representative Actions; Class Waiver**. You and the Company agree that any dispute, including but not limited to disputes arising out of or related to these Terms or our Services is personal to you and the Company and that any dispute will be resolved solely through individual action, and will not be brought as a class arbitration, class action or any other type of representative proceeding.

(b) **Arbitration of Disputes**. Except for small claims disputes in which you or the Company seeks to bring an individual action in small claims court located in the county of your residence, as determined by the records maintained by the Company for your account, or disputes in which you or the Company seek injunctive or other equitable relief for the alleged unlawful use of intellectual property, you and the Company waive your rights to a jury trial and to have any dispute resolved in court. This agreement to arbitrate disputes includes, but is not limited to, any and all claims for relief and theories of liability between you and the Company, whether based in contract, tort, fraud, negligence, regulation, or ordinance; claims for relief under any state or federal statutes, including, but not limited to, the federal and any state analogs of the Telephone Consumer Protection Act, the Fair Credit Reporting Act, Fair and Accurate Credit Transactions Act, and other statutes, including state and federal statutes relating to the collection of personal and/or biometric data; claims for common law fraud, misrepresentation, or any other legal or equitable theory arising out of your relationship with the Company, and/or any interactions between you and the Company. If there is a final judicial determination that applicable law precludes enforcement of this paragraph's limitations as to a particular claim for relief, then that claim (and only that claim) must be severed from the arbitration and may be brought in court.

(c) **Notice Requirement**. For any dispute or claim that you have against the Company or relating in any way to the Services, you may either proceed directly to arbitration, or you may first contact the Company and attempt to resolve the claim informally by sending a written notice of your claim ("**Notice**") to Foris, Inc. by email at contact@crypto.com or by certified mail addressed to 110 N College Ave., Suite 500, Tyler, Texas 75702. If you elect to pursue pre-arbitration resolution through the Notice option, the Notice must (a) include your name, residence address, email address, and telephone number; (b) describe the nature and basis of the claim; and (c) set forth the specific relief sought. The Company shall also have the option, but not the requirement, to pursue informal pre-arbitration resolution with you through the Notice process set forth herein. Our notice to you, as and if applicable, will be similar in form to that described above. If you and the Company cannot reach an agreement to resolve the claim through the Notice process, or if you or the Company decide to immediately proceed to arbitration without pursuing pre-arbitration resolution through the Notice process, then either party may submit the dispute to binding arbitration administered by JAMS, or, under the limited circumstances set forth above, in court. All disputes submitted to JAMS will be resolved through confidential, binding arbitration before one arbitrator, unless they qualify for different treatment pursuant to Section 14.5 below. Arbitration proceedings will either be held in Miami-Dade County, Florida, or may be conducted telephonically or via video conference, if you agree. For disputes alleging damages less than $30,000, the dispute will be decided on the basis of the parties' written submissions and no final hearing or in person proceedings will be required absent the consent of both parties. With respect to the disputes of $30,000 or more, JAMS shall designate an arbitrator who maintains his or her primary residence in the State of Florida. The most recent version of the JAMS Comprehensive Arbitration Rules & Procedures (the "JAMS Rules") are available on the JAMS website and are hereby incorporated by reference. You either acknowledge and agree that you have read and understand the JAMS Rules or waive your opportunity to read the JAMS Rules and waive any claim that the JAMS Rules are unfair or should not apply for any reason.

(d) **Mass Arbitration**. To the extent that multiple arbitrations are filed against the Company and qualify as "Mass Arbitrations" pursuant to the JAMS Mass Arbitration Procedures and Guidelines, then such rules shall apply to the arbitration proceeding(s).

(e) **Statute of Limitations**. You and the Company agree that any claim or cause of action arising out of or related to the Services or these Terms must be filed within one (1) year after the action,

omission, event or occurrence giving rise to the claim, regardless of the form of action. Any claim or cause of action not filed within such one-year period shall be permanently barred. This limitation applies to the fullest extent permitted by applicable law and shall survive termination of these Terms.

(f) **Loss Recovery**. For purposes of any loss recovery act, statute or claim, including any claim created by state or federal statute for the recovery of putative gambling losses by you, your successors or third parties, you agree that: (a) any losses incurred by you in connection with the Services regardless of their characterization, are not "gambling losses" and do not give rise to any right of recovery under any applicable loss recovery statute or common law doctrine; (b) you expressly waive any and all rights to pursue a claim under any such loss recovery theory, including statutory claims for the recovery of gambling losses, to the maximum extent permitted by applicable law; and (c) this waiver and release is a material term of these Terms, and the Company would not make the Services available to you without it.

(g) **Applicability of the Federal Arbitration Act and Delegation Provision**. You and the Company agree that these Terms affect interstate commerce and that the enforceability of this Section 14 will be substantively and procedurally governed by the Federal Arbitration Act, 9 U.S.C. § 1, et seq. (the "**FAA**"), to the maximum extent permitted by applicable law. You and the Company clearly and unmistakably agree that the arbitrator shall have the power to rule on his or her own jurisdiction, the existence, scope, validity, and arbitrability of these Terms, and which rules to apply in the arbitration pursuant to the provisions in this Section 14. This delegation provision shall be deemed a contract entered into under the laws of the State of Florida and will be governed by the laws of the State of Florida together with the Federal Arbitration Act.

(h) **Confidentiality**. The arbitrator, the Company, and you will maintain the confidentiality of any arbitration proceedings, judgments and awards, including, but not limited to, all information gathered, prepared and presented for purposes of the arbitration or related to the dispute(s) therein. The arbitrator will have the authority to make appropriate rulings to safeguard confidentiality, unless the law provides to the contrary. The duty of confidentiality does not apply to the extent that disclosure is necessary to prepare for or conduct the arbitration hearing on the merits, in connection with a court application for a preliminary remedy or in connection with a judicial challenge to an arbitration award or its enforcement, or to the extent that disclosure is otherwise required by law or judicial decision.

(i) **Attorneys' Fees and Costs**. The parties shall bear their own attorneys' fees in arbitration unless the arbitrator finds that either the substance of the dispute or the relief sought in the request was frivolous or was brought for an improper purpose (as measured by the standards set forth by Florida law). If you or the Company need to invoke the authority of a court of competent jurisdiction to compel arbitration, then the party that obtains an order compelling arbitration in such action shall have the right to collect from the other party its reasonable attorneys' fees incurred in securing an order compelling arbitration.

(j) **Fees; Appellate and Enforcement Jurisdiction**. You and the Company agree that for any individual arbitration you initiate, you will pay the filing fee and the Company will pay the remaining JAMS fees and costs, unless otherwise stated. For any Mass Arbitration (see Section 14.5), the parties' respective responsibilities for JAMS fees and costs shall be determined pursuant to the JAMS Mass Arbitration Procedures and Guidelines. You and we agree to work together in good faith to ensure that arbitration remains efficient and cost-effective for all parties. The arbitrator shall have the authority to award sanctions against parties and their counsel consistent with the standard set forth in Federal Rule of Civil Procedure 11, or as otherwise may be permitted under JAMS Rule 29. You and we agree that, if the amount in controversy exceeds $250,000, any party may elect to appeal an arbitration award pursuant to the JAMS Optional Arbitration Appeal Procedure then in effect. If a party elects to appeal an arbitration award, the appeal shall be heard by a panel of three neutral arbitrators selected in accordance with the JAMS Optional Arbitration Appeal Procedure. The appellate panel shall apply the same standard of review that the first-level

appellate court would apply to an appeal from the trial court decision. The decision of the appellate panel shall constitute the final arbitration award for purposes of judicial enforcement. You and the Company agree that the state or federal courts of the State of Florida and the United States sitting in Miami-Dade County, Florida have exclusive jurisdiction over any appeals and the enforcement of an arbitration award that is not subject to elective appeal pursuant to the JAMS Optional Arbitration Procedure as set forth above.

(k) **Governing Law in Arbitration Proceeding**. The arbitrator shall apply the law of the State of Florida to all substantive issues in the dispute; provided, however, that in the event that the law of the State of Florida shall be deemed unenforceable due to the law of the state in which the user resides, the arbitrator shall apply the law of the state in which the user resides. Notwithstanding anything herein to the contrary, the arbitrator shall apply the laws of the State of Florida and the FAA to interpret and enforce these Terms to arbitrate disputes and each of its provisions, including with regard to any issues over acceptance of these Terms to arbitrate disputes. Judgment on the award rendered may be entered by any court of competent jurisdiction.

(l) **Right to Opt Out of Binding Arbitration**. You have the right to opt out of binding arbitration within thirty (30) days of the date you first accepted these Terms by sending a written opt-out notice via certified mail to 110 N College Ave., Suite 500, Tyler, Texas 75702. In order to be effective, the opt-out notice must include your full name and address and clearly indicate your intent to opt out of binding arbitration. By opting out of binding arbitration, you are agreeing to resolve disputes in accordance with the applicable terms of this Section 14.

(m) **Arbitrator Appointment**. Any arbitrator appointed under this Section 14 will be selected by the parties from JAMS's roster of arbitrators. You and we agree that the arbitrator shall be appointed in accordance with JAMS's strike and rank process set forth in Rule 15 of the JAMS Rules.

(n) **Severability**. If any portion of this Section 14 is found to be unenforceable or unlawful for any reason, (a) the unenforceable or unlawful provision shall be severed from these Terms; (b) severance of the unenforceable or unlawful provision shall have no impact whatsoever on the remainder of this Section 14 or the parties' ability to compel arbitration of any remaining claims on an individual basis pursuant to this Section 14; and (c) to the extent that any claims must therefore proceed on a class, collective, consolidated, or representative basis, such claims must be litigated in a civil court of competent jurisdiction and not in arbitration, and the parties agree that litigation of those claims shall be stayed pending the outcome of any individual claims in arbitration. Further, if any part of this Section 14 is found to prohibit an individual claim seeking public injunctive relief, that provision will have no effect to the extent such relief is allowed to be sought out of arbitration, and the remainder of this Section 14 will be enforceable.

(o) **Application of Terms to Disputes**. Notwithstanding anything to the contrary in these Terms, and to the extent not prohibited by law, this Section 14 shall apply to all disputes, whether now existing or hereafter arising, whether related to any matter occurring prior to or after the Effective Date hereof, arising from or in connection with your use of the Services.

15. General / Miscellaneous Provisions.

(a) **Amendment and Variation**. These Terms may from time to time be updated or amended. We will post any such updates on the Platform. Such updated Terms as posted will take effect immediately unless otherwise indicated, but will not apply retroactively. You should regularly check the Platform to inform yourself of any such changes. In addition, we may at any time change, add, or remove any feature or functionality of the Services. By continuing to use the Services after any such change, you are indicating your acceptance of the updated or amended Terms as well as your acceptance of the updated Platform. If you do not agree with any such change or amendments, your sole and exclusive remedy is to terminate your use of the Services and close your account.

(b) **Transfer; Assignment; Delegation**. These Terms, and any rights and obligations and licenses granted hereunder, are limited, revocable, non-exclusive and personal to you and therefore may not be transferred, assigned, or delegated by you to any third party without our written consent, but may be transferred, assigned or delegated by us without notice and restriction, including without limitation to any affiliates of the Company, or to any successor in interest of any business associated with the Services. Any attempted transfer or assignment in violation hereof shall be null and void.

(c) **Severability**. If any provision of these Terms shall be found by any court or administrative body of competent jurisdiction to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect the other provisions of these Terms and all provisions not affected by such invalidity or unenforceability shall remain in full force and effect. Such provision will be changed and interpreted to accomplish the objectives of the provision to the greatest extent possible under any Applicable Laws.

(d) **Entire Agreement; Translation**. These Terms, including all the addenda hereto, which are incorporated herein by reference, constitute the entire agreement between the parties with regard to its subject matter and supersedes and invalidates all other prior representations, arrangements, understandings, and agreements relating to the same subject matter, whether oral or in writing, express or implied. You acknowledge that in agreeing to these Terms you do not rely on any statement, representation, warranty, or understanding other than those expressly set out in these Terms. These Terms are set forth in the English language and all communications including any notices or information being transmitted shall be in English. In the event that these Terms or any part of it is translated (for any proceedings, for your convenience, or otherwise) into any other language, the English language text of these Terms shall prevail.

(e) **Waiver**. These Terms shall not be waived in whole or in part except where agreed by all parties in writing. The delay of enforcement or the non-enforcement of any of the provisions of these Terms by any party shall not be construed as a waiver of any of the other rights of that party arising out of the breach or any subsequent breach of any of these Terms, and no right, power or remedy conferred upon or reserved for any party in these Terms is exclusive of any other right, power or remedy available to that party and each such right, power or remedy shall be cumulative.

(f) **Notices & Communications**. By using the Services, you agree that we may provide you with any notices or other communications, including marketing, relating to your use of the Services electronically, at our option: (a) via email (in each case to the address that you provide), SMS message, or telephone call (in each case to the phone number that you provide), or (b) by posting to the Platform. For notices made by email, the date of receipt will be deemed the date on which such notice is transmitted. You will be given the option to unsubscribe from receiving any marketing material from us. Notices to us should be sent electronically to our support system via live Crypto.com in-app chat or at https://chat.crypto.com/.

(g) **Third-Party Beneficiaries and Rights**. Other than affiliates of the Company and except as expressly provided below, a person who is not a party to these Terms has no right to enforce any of these Terms. The Vendors are each an intended third-party beneficiary of Section 5 (Storage; Buyback Offer) and shall have the right to enforce the provisions thereof directly against you, including the transfer of title to physical trading cards upon acceptance of a Buyback Offer. Notwithstanding the foregoing or anything herein to the contrary, these Terms shall apply to your heirs, assigns, guardians, agents acting under a valid power of attorney, personal representatives, executors, and other fiduciaries.

(h) **Governing Law & Venue**. Any dispute arising from these Terms or your use of the Services, whether brought in arbitration, small claims, or in a state or federal court, will be governed by and construed and enforced in accordance with the laws of the State of Florida except to the extent preempted by U.S. federal law, without regard to conflict of law rules or principles (whether of

Florida or any other jurisdiction) that would cause the application of the laws of any other jurisdiction. Any dispute between the parties that is not subject to arbitration or cannot be heard in small claims court will be resolved in the state or federal courts sitting in Miami-Dade County, Florida. Finally, to the extent permitted by applicable law, in the event that your dispute is adjudicated in court instead of arbitration, you agree to proceed only on an individual basis and not on a consolidated, class wide, or representative basis.

16. Acknowledgment and Acceptance

By completing a purchase of a physical trading card via Rips, you acknowledge and agree that: (a) you have read, understood, and agreed to be bound by these Terms, including the Risk Disclosure set forth in Section 9 above; (b) you understand the randomized nature of physical trading cards purchased via Rips and the risks associated with purchasing, holding, shipping, and re-selling a physical trading card; (c) you are purchasing physical trading cards via Rips for entertainment and collection purposes and not as an investment; (d) you have had the opportunity to seek independent legal and financial advice before purchasing; and (e) withdrawal of Buyback Offer proceeds requires a Cash Account provided by the Cash Account Provider, approval of which is at the Cash Account Provider's sole discretion and subject to applicable know-your-customer and identity verification requirements.

By completing a purchase, you also agree to the Phygitals Terms of Service available at Phygitals Terms of Service and the Collector Crypt Terms of Service available at Collector Crypt Terms of Service with respect to the applicable physical trading cards.
