You may utilise various trading tools and integrations (“Trading Tools”) to submit trade instructions to the Crypto.com App.

Trading Tools may include:

- proprietary automated trading bots
- application programming interface (API) integrations, e.g. with conversational or automated agents;
- integrations with third-party messaging platforms; and
- other user-authorized software tools,

each of which may interact with the Crypto.com trading APIs to transmit instructions determined or approved by You.

Trading Tools operate solely as a technical means of transmitting Your instructions to the Crypto.com App and do not constitute a separate investment service.

8D.2 Authorised Instructions

You agree that:

- (a) any instruction submitted via a Trading Tool that has been authorised by You (including through an API key generated within the Crypto.com App) constitutes a valid and binding instruction from You;
- (b) Trading Tools execute instructions based solely on parameters, commands, or confirmations provided or approved by You;
- (c) Crypto.com does not provide investment advice, recommendations, or discretionary portfolio management through any Trading Tool; and
- (d) all trades executed via Trading Tools are conducted on an execution-only basis under these Terms.

8D.3 API Keys and Credential Responsibility

Where a Trading Tool operates using an API key or similar authentication credential generated by You:

- (a) You are responsible for safeguarding such credentials;
- (b) any instruction submitted using a valid API key associated with Your account shall be treated as authorised by You, except where otherwise required under applicable law;
- (c) You may revoke or disable API access at any time through the Crypto.com App.

8D.4 Trading Subaccounts and Scope of Authority

Where a Trading Tool is linked to a designated Trading Subaccount:

- (a) such Trading Tool shall only have authority to execute trades against the balance held in that subaccount;
- (b) Trading Tools shall not have authority to withdraw funds or transfer assets between accounts;
- (c) transfers of funds between subaccounts and your primary account must be performed directly within the Crypto.com App and subject to applicable authentication requirements.

8D.5 Third-Party Infrastructure and Operational Risk

You acknowledge that availability, latency, transmission timing, and system functionality may be affected by factors beyond Crypto.com's reasonable control.

Nothing in this section limits liability where such limitation is not permitted under applicable law.

8D.6 Suspension and Risk Controls

We reserve the right to suspend, restrict, disable, or revoke access to any Trading Tool, including any supported integrations, at our sole discretion, including but not limited to where we determine, at our sole discretion, that:

- security concerns arise;
- abnormal or suspicious activity is detected;
- operational or regulatory requirements necessitate such action; or
- continued access may expose Users or the Platform to material risk.

8E. Crypto Basket

8E.1 Crypto Basket is a pre-specified bundle of individual Digital Assets that a customer may purchase. Each Digital Asset in the specific Crypto Basket constitutes a specific percentage of the total value of the Crypto Basket ("**Weight**"). By purchasing a Crypto Basket, you purchase each of the Digital Assets identified in that Crypto Basket and the amount of each Digital Asset purchased is equal to that Digital Asset's Weight. You will be able to determine the value of each Crypto Basket Purchase, but not the respective Weights of each Digital Asset within a Crypto Basket. The Digital Assets and Weights for each Crypto Basket are pre-selected and cannot be modified.

8E.2 We reserve the right to remove any particular Digital Asset in a Crypto Basket, replace a Digital Asset in a Crypto Basket, or cease offering a Crypto Basket at any time without notice to you and in each case in our sole discretion. We may do so in situations including, but not limited to, the following:

- (a) When a certain Digital Asset in a Crypto Basket is delisted from the Crypto.com App;
- (b) When a certain Digital Asset in a Crypto Basket is rebranded by the blockchain protocol issuing the Digital Asset and re-issued as another Digital Asset by the same blockchain protocol, and we decide to support the rebranding by listing the new Digital Asset on the Crypto.com App.

8E.3 If a Digital Asset is removed from a Crypto Basket and not replaced, the Weights of each remaining Digital Asset shall be determined by us and you will receive notification of the change. To be clear, any Digital Asset that is removed from a Crypto Basket after you purchase the Crypto Basket will not be removed from your Crypto Wallet. Any changes in the composition of a Crypto Basket will only affect subsequent purchases.

8E.4 From time to time, we may update pre-defined Crypto Baskets to reflect asset availability. If you hold the relevant Crypto Basket at the time of update, you will receive a notification prompting you to upgrade to the updated Crypto Basket version. Accepting the upgrade constitutes your authorization to execute the necessary purchases and sales of the individual Digital Assets to align your holdings with the new Crypto Basket configuration. You acknowledge and accept that upgrading may result in transaction fees, taxes, or other applicable costs.

8E.5 If a new version of a Crypto Basket is released, subsequent purchases via the outdated Crypto Basket will be unavailable. Any subsequent purchases must be via the updated Crypto Basket.

8E.6 For more information on the different categories of Crypto Baskets please visit this FAQ page [here](#).

No investment advice or asset management

8E.7 Crypto Baskets are not intended to be, and should not be construed as, an investment advisory or asset management service. You acknowledge that the availability of Crypto Baskets does not constitute personalized financial, or investment advice, tailored to your specific needs or financial situation.

8E.8 The Digital Asset combinations in each Crypto Baskets are pre-selected based on predefined criteria, such as market capitalization or sector, and are available for all users to view and select from. Each Crypto Basket carries its own risk profile. You are advised to do your own research on not just the individual Digital Assets within a Crypto Basket, but also the holistic risk profiles of each Crypto Basket, before making a decision on whether you wish to purchase a particular Crypto Basket.

8E.9 You are solely responsible for your financial decisions, including the decision to purchase, hold, or sell any Crypto Baskets, and we make no representations regarding the suitability of any Crypto Basket for any particular user or segment of users.

8E.10 By purchasing a Crypto Basket, you understand and agree that you are selecting from available Crypto Baskets independently and without reliance on us for any individual financial advice or guidance.

Rebalancing

8E.11 Rebalancing is an **optional** functionality allowing you to pre-authorize purchases and sales of individual Digital Assets to maintain the relative weights of each Digital Asset within a Crypto Basket at the default Weights ("**Rebalancing**"), as the relative weights may change and diverge from the default Weights over time due to changes in the underlying value of each Digital Asset and other activities subsequent to your purchase of the Crypto Basket. Rebalancing is simply a tool to pre-authorize purchases and sales of the specified Digital Assets in a given Crypto Basket at selected intervals.

8E.12 Rebalancing will be enabled by default unless you choose to disable it. If you do not disable Rebalancing, better-performing assets are redistributed to lower-performing ones because Rebalancing is based on the market value of each asset, which changes over time. You have the option to disable Rebalancing at any time. For more information on how Rebalancing works, please visit this FAQ page [here](#).

No active or passive management

8E.13 Rebalancing is a fully automated process that executes your recurring pre-authorized transactions to maintain the Digital Asset Weights within the Crypto Basket. We do not actively or passively manage, monitor, or optimize the performance of, Digital Assets within any Crypto Basket. Rebalancing is carried out without regard to your specific personal financial circumstances or goals.

8E.14 You acknowledge and agree that we do not provide active or discretionary portfolio management services when we perform Rebalancing. Our role is limited to executing automated, periodic Rebalancing based solely on the predetermined Weights of each Digital Asset within the Crypto Basket and your instructions pre-authorizing the transactions. We do not offer any personalized advice or take any action aimed at optimizing the performance of any particular Crypto Basket.

8E.15 Your responsibility and risks

- (a) You understand and agree that Rebalancing is not a guarantee of improved financial performance or risk mitigation.
- (b) You bear full responsibility for the decision to enable or disable Rebalancing and understand that market conditions may impact the effectiveness of Rebalancing strategies.
- (c) We make no representations or guarantees about the current or future performance of any Rebalanced Crypto Basket or the relative performance of any particular Crypto Basket whether Rebalancing is disabled or not.

Recurring Buy

8E.16 Recurring Buy is an optional functionality that enables you to pre-authorize automatic periodic purchases of a specified amount of a Crypto Basket at predetermined intervals. By enabling Recurring Buy, you expressly authorize and instruct us to execute your purchase of the Crypto Basket at the prevailing market values of the Digital Assets comprising the Crypto Basket at the time each scheduled Recurring Buy purchase occurs. You may enable or terminate the Recurring Buy instructions at any time.

8E.17 You are responsible for ensuring that adequate funds or other acceptable means of payment are available to cover each scheduled Recurring Buy transaction. Transactions will not be executed if your designated payment method is unable to successfully process the payment, and we bear no responsibility or liability for missed purchases resulting from such payment failures. We reserve the right, at our sole discretion, to modify, suspend, or discontinue the Recurring Buy feature at any time. Any such modification or termination will not affect previously executed transactions.

8E.18 Recurring Buy is provided solely as a convenience tool and does not constitute investment advice, financial planning, or asset management. We make no warranties, representations, or guarantees regarding the effectiveness, profitability, or risk mitigation of Recurring Buy. You remain solely responsible for overseeing and managing your Recurring Buy settings and understanding the associated risks.

Custom Basket Builder

8E.19 In addition to the pre-specified Crypto Basket as described above, you may also use our Custom

Basket builder tool to create your own custom Crypto Basket(s) by choosing specific Digital Assets, setting their Weights, and determining the rebalancing frequency (“**Custom Basket**”).

8E.20 An optional platform tool is available, allowing you to objectively filter Digital Asset selections based solely on criteria you specify, such as Digital Asset categories, ranges of market capitalization, transaction volume and price volatility, and intended holding period. Following filtering, you retain complete discretion and control to review, modify, confirm, and activate your Custom Basket. This feature is provided strictly for convenience and informational purposes and does not represent any recommendation, endorsement, or advisory service. You acknowledge and agree that you remain solely responsible for evaluating, selecting and configuring all Digital Assets in your Custom Basket and determining their suitability for you.

8E.21 You may update the composition of your Custom Basket at any time. Making changes to a Custom Basket constitutes your authorization to execute the necessary purchases and sales of the individual Digital Assets to align your holdings with the updated Custom Basket configuration. You acknowledge and accept that this may result in transaction fees, taxes, or other applicable costs.

Stakeable Baskets

8E.22 In addition to regular pre-specified Crypto Baskets, you may be offered the option to purchase pre-specified “**Stakeable Baskets**”. Stakeable Baskets are comprised solely of Digital Assets that are eligible for participation in the Staking Services provided by the relevant Affiliate or third-party service provider. Upon purchase of a Stakeable Basket, each constituent Digital Asset is staked subject to the Staking Services as described in the Staking Services Terms and Conditions applicable in your jurisdiction ([here](#)) (“**Staking Services Terms**”), which you must accept prior to purchase. You acknowledge and agree that the provision of Staking Services is solely the responsibility of the relevant Affiliate or third-party service provider.

8E.23 When you submit an instruction to redeem/sell a Stakeable Basket, the redemption/sale process will be coordinated following the expiry of the longest applicable unbonding period within the basket, even if each Digital Asset’s native on-chain protocol may prescribe different unbonding periods. This coordinated approach aims to deliver the full proceeds of the basket in a single redemption to you.

Alternatively, and subject to availability, you may choose to use the Instant Unstake feature, as defined and described in the Staking Services Terms. If you elect to do so, the relevant fees will apply as set out in those terms.

8E.24 You may not buy, sell, redeem, or otherwise transact in the individual Digital Assets within a Stakeable Basket. All instructions to purchase or sell/unstake apply to the entire basket.

8E.25 Your use of Stakeable Baskets is subject to your acceptance of the Staking Services Terms. In the event of any inconsistency between these Terms and the Staking Services Terms, the Staking Services Terms shall prevail to the extent of the inconsistency.

9. OTHER PROVISIONS APPLICABLE TO OUR SERVICES

9.1. Crypto.com reserves the right to, in its sole discretion, refuse to process or to cancel any pending request from you for any Digital Asset Transfer, Digital Asset Conversion or Cash to DA Conversion (each, a “**Transaction**”), including for purposes of compliance with Applicable Law.

9.2. Crypto.com securely stores Digital Assets private keys in our control in a combination of online and offline storage. As a result, it may be necessary for Crypto.com to retrieve this information from offline storage in order to facilitate a Transaction in accordance with your Instructions, which may delay the initiation or crediting of such Transaction for 48 hours or more. As a user of the Crypto.com App Services or Crypto.com Web Services, you accept the risk that a Transaction facilitated by Crypto.com

may be delayed and you agree not to hold Crypto.com responsible for any loss or damage arising out of or related to such delay.

9.3. It is your sole responsibility to determine whether, and to what extent, any Taxes apply to any transactions associated with your receipt or transfer of Digital Assets, and/or to the Transactions you conduct, and to withhold, collect, report and remit the correct amounts of Taxes to the appropriate tax authorities. Your Transaction History is available through the Crypto.com App. We are not obligated to, nor will we determine whether, and to what extent, Taxes apply, or calculate, collect, report, or remit any Taxes to any tax authority arising from any transaction.

9.4. The loading of Digital Asset to your Digital Asset Wallet and/or any Transaction are subject to limits imposed by Crypto.com (as may be amended from time to time in Crypto.com's sole discretion). Such limits are set out in the "Fees & Limits" section in the Crypto.com App but Crypto.com may, in its sole discretion, apply different limits to you specifically. We may also require you to submit additional information about yourself or any Transaction you have effected.

9A. FORK

9A.1 You agree and understand that the underlying protocols of the Digital Assets' networks are subject to changes (each a "**Fork**"), which are exogenous to Crypto.com and may result in more than one version of such network (each a "**Forked Network**"). You further agree and understand that Forks may materially affect the value, function, and/or name, and may result in loss of control or ownership, of the Digital Assets you hold in your Digital Asset Wallet.

9A.2. If a Fork occurs, it will result in the creation of a new Digital Asset (the "**New Forked Asset**") related to an existing Digital Asset (the "**Prior Asset**"). You further understand, acknowledge and agree that each Fork may materially affect the value, function, and/or name, and may result in loss of control or ownership, of the Prior Asset that we hold in your Crypto.com account, and that the New Forked Asset and/or Prior Asset may have minimal or no value.

9A.3 Upon becoming aware of a Fork and to the extent that we have any rights or are able to take any action, in the event of a Fork, Crypto.com may, in our sole discretion, temporarily suspend or amend any Crypto.com App Services or Crypto.com Web Services or any Digital Assets for an extended period of time (with or without advance notice to you) until we have determined that such functionality can be restored. We may also determine, in our sole discretion, whether or not to support the Forked Network(s) and who should have ownership or receive New Forked Assets and/or benefits (if any). This could occur with potentially little or no warning and your ability to use the Services or Digital Assets may be limited and subject to the Fork. In the event that Crypto.com decides not to support any such Forked Network ("**Unsupported Forked Network**"), the New Forked Assets offered by such Unsupported Forked Networks will not be made available to you. Notwithstanding the foregoing, we may, in our sole discretion obtain and retain the New Forked Assets offered by such Unsupported Forked Network as property belonging solely to Crypto.com.

9A.4 You understand, acknowledge and agree that you have no right, claim or privilege in, or with respect to, any New Forked Asset. If we do not support a New Forked Asset, you may not be able to withdraw the New Forked Asset promptly or at all; you may not be able to trade the New Forked Asset on the Crypto.com App or Crypto.com Web or otherwise on our platform; and you may lose any value associated with such New Forked Asset.

9A.5 If we determine not to support a New Forked Asset, we may, in our sole discretion:

- (i) obtain and retain the New Forked Asset as property belonging to us; or
- (ii) make the New Forked Asset available to you on a one-time basis, based on your holding of the Prior Asset at the time of the Fork, subject to the withholding and retention by us of an amount reasonably calculated to fairly compensate us for the cost of making such New Forked Asset available and subject to our withdrawal procedures.

We will notify you only if we elect to permit a one-time withdrawal pursuant to (ii) above.

9A.6 You acknowledge the risks presented by Forks and hereby accept that we have no responsibility for any losses or damage arising as a result of an Unsupported Forked Network.

9A.7 WE HAVE NO CONTROL OVER, NOR DO WE HAVE THE ABILITY TO INFLUENCE, THE CREATION OR IMPLEMENTATION OF A FORK OR OF THE NEW FORKED ASSET. WE CAN PROVIDE NO ASSURANCES ABOUT THE SECURITY, FUNCTIONALITY OR SUPPLY OF ANY DIGITAL ASSET, INCLUDING BOTH THE NEW FORKED ASSET AND THE PRIOR ASSET. YOU UNDERSTAND, ACKNOWLEDGE AND AGREE THAT WE ASSUME NO LIABILITY RELATING TO ANY CHANGE IN THE VALUE OF ANY DIGITAL ASSET (WHETHER OR NOT RESULTING FROM A FORK). YOU UNDERSTAND, ACKNOWLEDGE AND AGREE THAT A FORK COULD CONSTITUTE A FORCE MAJEURE EVENT BEYOND OUR REASONABLE CONTROL, WHICH COULD AFFECT THE VALUE OF YOUR DIGITAL ASSETS, AND THAT CRYPTO.COM DOES NOT ASSUME ANY LIABILITY FOR LOSSES RESULTING FROM SUCH EVENTS.

9B. ACCOUNT PROTECTION PROGRAM

9B.1 If we, in our sole discretion, determine that there has been an Unauthorised Transaction, we may provide relief to you (“**APP Relief**”) subject to the remainder of this Clause 9B and your continued adherence to these Terms.

9B.2 APP Relief shall not be available with respect to Crypto.com Pay.

9B.3 You must satisfy all conditions imposed by us under the Terms and as further clarified in the [FAQs](#), as may be updated from time to time, in order to be eligible for consideration for APP Relief.

9B.4 To assess your eligibility for APP Relief, we may request for relevant information and documents from you or any other third party sources.

9B.5 We will at our sole discretion determine whether you should obtain APP Relief and the quantum of such relief (up to the maximum amounts specified under Clause 9B.8). In accepting any APP Relief, you also agree that (i) we reserve the right to set off any outstanding funds that you may owe us and (ii) waive any claims or rights you may have against us for the full value of the Unauthorised Transaction. We also reserve the right to rescind full or partial payments made pursuant to any APP Relief, or to take any other actions against you if we subsequently determine that any information that you have provided was untrue, or that your conduct involved bad faith, dishonesty, or fraud.

9B.6 If we make a determination in your favour, we maintain any and all rights under these Terms which are consistent with that determination. Notwithstanding the rest of this Clause 9B, you hereby agree that we shall not be deemed to have waived our rights under clauses 3.2, 6.2, 14.1 and 17.2(v) and that all such Terms remain in full force and effect in relation to all other Transactions.

9B.7 If we determine that you should obtain APP Relief under this section, we may calculate your APP Relief as follows, subject to the upper limit set out in clause 9B.8: In the case of a Transaction which is an Unauthorised Transaction, we will give you the amount of the relevant Digital Asset or other Digital Asset at our sole discretion that is up to the amount that was lost, reduced by any Digital Assets / funds which may be recovered.

9B.8 The APP Relief is:

- (a) in the case of Digital Assets, a maximum of USD 250,000 calculated at our discretion by reference to the USD price of those Digital Assets, either:

- (i) as of the date of the Unauthorised Transaction; or
- (ii) as at the date that APP Relief is disbursed.

(b) in the case of Cash, a maximum of either:

- (i) USD 250,000 if USD was the currency subject to the Unauthorised Transaction or transfer; or
- (ii) the equivalent of USD 250,000 in the currency of the Unauthorised Transaction or transfer, calculated at the conversion rate (as between USD and the second-mentioned currency) as at the end-of-day-average of the date of the Unauthorised Transaction.

9B.9 You hereby agree and acknowledge that we maintain the full right and discretion to: (a) provide APP Relief in such type and form as we deem fit, including by way of any currency, legal tender or medium of exchange; (b) consider and determine the applicable conversion rates with reference to real-time market rates; and (c) amend the terms of as well as suspend or terminate the availability of APP Relief without prior notice to you, including but not limited to an event where APP Relief becomes subject to any prohibitions or restrictions arising from Applicable Law.

9B.10 You hereby acknowledge and agree that our determination under Clause 9B.4 is full and final, and shall not enliven any process of appeal or further contest. You furthermore undertake and represent that you waive all claims whatsoever against us and/or our Affiliates upon accepting any full or partial APP Relief, regardless of whether any future recoveries are made due to our efforts to recover relevant funds and/or Digital Assets.

9C. AIRDROPS

9C.1 In the event of an Airdrop, Crypto.com may temporarily suspend any Crypto.com App Services or Crypto.com Web Services or any Digital Assets for an extended period of time (with or without advance notice to you) until we have determined that such functionality can be restored. This could occur with potentially little or no warning and your ability to use the Services or Digital Assets may be limited and subject to the Airdrop.

9C.2 Upon becoming aware of an Airdrop and to the extent that we have any rights or are able to take any action, we may in our sole discretion determine whether to credit any Digital Assets and/or benefits received by us to a Crypto.com account or participate in an Airdrop, and upon what terms to do so, such decision regarding the Digital Assets and/or benefits remains with us at all times. We will not be liable to you for failure to credit any Digital Asset and/or benefits to you or participate in any Airdrop. If we do not support an Airdrop, we may claim such Airdrop and any Digital Asset and/or benefits in relation to it, for our own benefit (unless it is unavoidable or impractical to avoid based on the means of distribution). Where due to an Airdrop, any airdropped Digital Assets and/or benefits in respect of any Digital Assets have been received by you directly, we may claim such airdropped Digital Assets and/or benefits from you and you agree to return such airdropped Digital Assets and/or benefits to us. You further agree that any Digital Assets and/or benefits in relation to an Airdrop does not create or represent any relationship between us and the sender and/or the related Digital Asset network, and that we are not subject to any obligations whatsoever as they relate to the sender and/or the related Digital Asset network.

10. FEES

10.1. Your use of the Crypto.com App Services and Crypto.com Web Services may be subject to certain Fees, which will, if applicable, be debited from your Digital Asset Wallet. The list of applicable Fees are set out on the Crypto.com App ([Home] > [Settings] > [About Crypto.com] > [Fees & Limits]) and may be updated by Crypto.com from time to time.

10.2. All applicable Fees listed on the Crypto.com App and the Site are exclusive of any applicable Taxes and the actual Fee charged will be increased to account for any such applicable Taxes.

10.3 Crypto.com will issue a payment notice to you for any Fees or amount that you owe us, including but not limited to any amount owed to us as a result of us exercising our rights under Clauses 2.2(b) or (c). If such amount is not repaid within 14 days from the date of notification, you confirm and authorise Crypto.com to recover such amount from any of your accounts with Crypto.com by debiting any assets in those accounts.

If you have any questions about this Clause, please contact us via live Crypto.com in-app chat or at <https://chat.crypto.com/>.

15.7 Subject to Applicable Law, we may at any time and with appropriate notice to you (i) set off any amount we owe you against any amount that you owe us; or (ii) recover any amount you owe us (in either case, whether or not the obligation is matured or contingent and irrespective of the currency, asset or place of payment). NO COURT OR ADJUDICATOR MAY CONSOLIDATE OR JOIN MORE THAN ONE PERSON'S OR PARTY'S CLAIMS AND MAY NOT OTHERWISE PRESIDE OVER ANY FORM OF A CONSOLIDATED, REPRESENTATIVE, OR CLASS PROCEEDING. Any attempted transfer or assignment in violation hereof shall be null and void.

21. SEVERABILITY

21.1. If any provision of these Terms shall be found by any court or administrative body of competent jurisdiction to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect the other provisions of these Terms and all provisions not affected by such invalidity or unenforceability shall remain in full force and effect. Such provision will be changed and interpreted to accomplish the objectives of the provision to the greatest extent possible under any Applicable Laws.

22. ENTIRE AGREEMENT / TRANSLATION

22.1. These Terms constitute the entire agreement between the parties with regard to its subject matter and supersedes and invalidates all other prior representations, arrangements, understandings, and agreements relating to the same subject matter, (whether oral or in writing, express or implied). ADDENDUM 1 – Level Up Program Terms and Conditions

These Level Up Program Terms and Conditions (“**Terms**”) incorporate, and are a part of, the relevant Crypto.com App and/or Web terms and conditions (“**App T&Cs**”) and Crypto.com Visa/Mastercard Card terms and conditions (“**Card T&Cs**”), (together, the “**Agreement**”). Unless otherwise stated, defined terms used in these Terms shall have the same meanings given to them in the App T&Cs. In the event of any inconsistency between (a) the App T&Cs and/or the Card T&Cs and (b) these Terms with respect to the Program (as defined below), these Terms shall prevail; except for aspects relating to the application and/or usage of the App and/or the Crypto.com Visa/Mastercard Card, in which case the respective App T&Cs and/or the Card T&Cs shall prevail.

1. General Provisions

- 1.1. **Description of Service.** The Level Up Program (“**Program**”) is a rewards and benefits program available to eligible Users of the Crypto.com App (“**User**”) to earn rewards and receive benefits associated with the application for and/or usage of the Program. The Program may be accessed through one of several entry methods, including (i) lockup of CRO, (ii) staking of CRO, or (iii) payment of a recurring subscription fee, each as further described below and in the Program FAQs (as defined below). The Program may overlap with certain legacy programs which may provide similar or related benefits. The applicable entry method to the Program and benefits may depend on your eligibility, location, or prior participation in legacy programs. For further details on eligibility, entry methods, and the interaction between the Program and any similar or overlapping legacy programs, please refer to the Program FAQs, which may be updated from time to time.
- 1.2. **Optional and Voluntary Use.** You are not required to lock up or stake your CRO in the Program and you can opt out of any Staking Services (as defined below) by unstaking your Staked CRO (as defined below) at any time subject to the relevant unbonding period and Holding Period (as defined below). The use of any other product offered by us or our Affiliates is not dependent on or determinative of your election to lock up or stake or otherwise use the Program. You are not obliged to purchase CRO on the Crypto.com App, from us or any of our Affiliates, in order to lock up or stake your CRO for use in the Program. Before you begin staking, please note and understand the difference between unstaking and unbonding, and how your actions to un stake is dependent on the unbonding period put in place by the Supported Blockchain Network (as defined below). The unbonding period may be beyond our control and is distinct from and applies in addition to the Holding Period (as defined below) imposed by us. Use of the Program can be risky, and you should conduct your own due diligence and consult your advisors before making any decision regarding whether to use the Program.
- 1.3. **Definitions.**
 - a. “**Cardholder**” means a Crypto.com App user who is a holder and user of the Crypto.com Visa/Mastercard Card.
 - b. “**CRO**” means the native token of the Cronos POS chain.
 - c. “**Level Up Tier**” means the different Level Up Program tiers, each such tier requiring User to lock up or stake a specified amount of CRO , or pay the corresponding subscription fee, to be eligible, which will determine the corresponding benefits that User may receive at our sole discretion.
 - d. “**POS**” means Proof of Stake consensus mechanism.
 - e. “**Program FAQs**” means the Level Up FAQs available [here](#)as may be updated from time to time.
 - f. “**Staking Service**” means the online service that gives eligible User the option to engage in POS consensus mechanisms on the Supported Blockchain to secure the applicable network, by validating transactions propagated over the network.
 - g. “**Supported Blockchain Network**” means the Cronos POS chain.

2. Program Participation.

- 2.1. **Level Up Lock Up.** Program participation via Level Up Lockup is available for customers who live in territories where the Staking Service is unavailable. To participate in the Program via Level Up Lockup, you agree to lock up the specified amount of CRO for the specified amount of time and meet certain eligibility criteria as set forth in the Level Up Lockup FAQ pages available in the Program FAQs.
- 2.2. **Level Up Staking.** Program participation via Level Up Staking is only available for customers who live in territories where the Staking Service is available. In order to participate in the Program, you agree to stake the specified amount of CRO through the Staking Service required to be eligible for your preferred Level Up Tier, as specified in the Program FAQs ("**Holding Period**"), in accordance with these Terms ("**Level Up Staking**"). By accessing or using the Staking Service, you understand and agree that we may engage our Affiliates and/or third-party service provider(s) (together, the "**Staking Providers**") to facilitate the staking of the CRO on your behalf ("**Staked CRO**"), by acting as a transaction validator on the Supported Blockchain Network. For the avoidance of doubt, the Program and Staking Service are separate and distinct from the Crypto.com App On-Chain Staking functionality made available by the relevant service provider. For further information regarding Crypto.com App On-Chain Staking, please refer to the FAQs available [here](#). **Staking is not regulated under Regulation 2023/1114 on Markets in Crypto-Assets ("MiCA") as implemented in Malta by the Markets in Crypto Assets Act.**
 - 2.2.1. **Validation Rewards.** In return for securing the Supported Blockchain Network, the Supported Blockchain Network may provide transaction validators with a reward ("**Validation Reward**"). If the Staking Providers successfully validate a block of transactions in respect of your Staked CRO, you are entitled to an applicable portion of the Validation Reward in proportion to the amount of your Staked CRO (less any applicable fees). The Validation Rewards are granted by and determined by the protocol of the Supported Blockchain Network. You have no right to any Validation Reward in respect of the Staked CROs until it is generated (or unbonded as applicable) by the Supported Blockchain Network and disbursed to you via blockchain addresses facilitated by us. Depending on the Supported Blockchain, it may take time before your Staked CROs are eligible to participate in transaction validation and start receiving rewards.
 - 2.2.2. **Level Up Staking Rewards.** We may, at our sole discretion, provide you with our approximated projection ("**Estimated APR**") of the actual Validation Rewards you may be entitled to if the Staking Providers successfully validate a block of transactions in respect of your staked CRO, less a fee payable for the provision of the Crypto.com Visa/Mastercard Card Services (and the Level Up Benefits corresponding to the applicable Level Up Tier, other than the Level Up Staking Rewards) ("**Level Up Staking Rewards**"), as expressly set out in the Program FAQs and which may be updated from time to time. Following the receipt of Validation Reward from the Supported Blockchain Network, if any, we shall (dependent on the Supported Blockchain Network and the terms of our agreement with any Staking Provider) facilitate the distribution of the Level Up Staking Rewards to you. You understand that the Estimated APR provided by us is purely an estimation of the Level Up Staking Rewards and is in no way a guarantee or confirmation that you will actually receive such Level Up Staking Rewards or such amount of Level Up Staking Rewards. You acknowledge that the Estimated APR and Level Up Staking Rewards, including the timing and frequency of Level Up Staking Rewards, may change over time and is dependent on the Supported Blockchain Network and the fee we may charge for providing you with the Services with respect to the Crypto.com Visa/Mastercard Card and the Level Up Benefits, which is subject to change in our sole discretion. **WE, OUR AFFILIATES, AND/OR THE STAKING PROVIDERS, DO NOT GUARANTEE THAT YOU WILL RECEIVE ANY LEVEL UP STAKING REWARDS, OR THE ESTIMATED APR. YOU**

ACKNOWLEDGE AND AGREE THAT WE, OUR AFFILIATES AND/OR THE STAKING PROVIDERS, ARE NOT LIABLE FOR ANY FAILURE BY THE SUPPORTED BLOCKCHAIN NETWORK OR OTHER THIRD PARTY IN DISBURSING ANY LEVEL UP STAKING REWARD.

- 2.2.3. **Slashing.** The Supported Blockchain Network may subject Staked CROs to “slashing” if the transaction validator representing those assets incorrectly validates or fails to validate a transaction. Slashing typically involves the reduction or confiscation of a validator’s assets as a consequence of their improper actions. As a result, there may be non-payment of Validation Rewards and the Staked CROs may be subject to a penalty. The Staking Providers will use reasonable skill, care and diligence in delivering services, including in seeking to prevent any Staked CROs from slashing; however, in the event that slashing occurs, unless otherwise provided in this Agreement, we will have no obligation to replace your Staked CROs unless the penalties are the result of our failure to use reasonable skill, care and diligence; we will not be obliged to replace your Stakes CROs if slashing occurs as a result of (i) your acts or omissions; (ii) maintenance of the Supported Blockchain Network, bugs, errors; (iii) acts by a hacker or other malicious actor; or (iv) Force Majeure Events. You acknowledge and agree that slashing may result in partial or total loss of your Staked CROs and applicable portion of the Validation Rewards, which will result us being unable to distribute a portion or the entire amount of Level Up Staking Rewards to you.
- 2.2.4. **Redemption and Unbonding Period.** You may request to unstake your Staked CROs at any time after the Holding Period. Upon receipt of your request, we will initiate the unstaking process as soon as practicable and in any case without undue delay. You acknowledge that your unstaking request is irrevocable and that you forfeit any Validation Rewards which, at the point of the unstaking request, have not been distributed by the protocol of the Supported Blockchain Network, and therefore you forfeit the resulting Level Up Staking Rewards. You acknowledge and agree that the redemption of or access to Staked CROs may be delayed as a result of the full waiting period imposed by the Supported Blockchain or due to network conditions of the Supported Blockchain Network.
- 2.2.5. **Governance and Voting.** The underlying protocol of the Supported Blockchain Network may offer stakers the ability to vote on matters related to the governance of protocol-level issues. You agree that Staking Providers have no obligation to support any governance or voting in respect of your Staked CROs, and further that in certain cases, Staking Providers may vote on your behalf e.g. where Staking Providers or the applicable protocol does not support delegated voting.
- 2.3. **Level Up Subscription.** In addition to the methods of participation set out above, eligible users may access the Program by payment of a recurring subscription fee (“**Subscription Access**”), subject to the terms herein and as further detailed in the Program FAQs.
- 2.3.1. **Subscription Fee.** The subscription fee, frequency (monthly or yearly), payment methods, and eligibility criteria shall be as specified in the Program FAQs and may be amended from time to time at our sole discretion.
- 2.3.2. **Payment of Subscription Fee.** By electing to participate in the Program via Subscription Access, you authorize us to charge the applicable subscription fee on the applicable recurring basis to any account, wallet, or balance held by you with us or any of our Affiliates. If our initial payment attempt to your selected payment method is unsuccessful, we will, if practicable and at our discretion, automatically retry charging your selected payment method or, at our discretion, deduct the equivalent amount from any account, wallet (including your Digital Asset Wallet and Cash Account), or balance (including in cash or in Digital Assets) held by you with us or any of our Affiliates, without further notice or demand. We may vary the timing, number, sequence, and sources of payment debit attempts from time to time in our discretion. All such amounts deducted from your Digital Asset Wallet shall be at a rate determined by us with reference to prevailing market rates

at the time of deduction. If all payment attempts are unsuccessful, your participation in the Program will be accordingly downgraded or suspended, and you will immediately lose access to all benefits and privileges associated with your current tier. No further notice will be provided prior to such downgrade or suspension. By cancelling your subscription, you revoke your authorization for us to charge the applicable account.

- 2.3.3. **Refunds.** Notwithstanding the foregoing, we may, in our sole and absolute discretion, elect to provide a full or partial refund of the subscription fee in limited circumstances as may be set out in the Program FAQs. Any such refund shall, to the extent practicable and at our discretion, be made using the original payment method. Where this is not possible or where we otherwise determine, we reserve the right to refund you in an alternative cash currency or Digital Asset, at our sole discretion. For the avoidance of doubt, you acknowledge and agree that, except at our sole and absolute discretion, you shall not be entitled to any refund, reversal, or credit of the subscription fee on the basis of change of mind, dissatisfaction, or for any other reason.
- 2.4. **Level Up Benefits.** In return for your use of the Program by engaging in Level Up Staking, we may award you with certain purchase rebates, cashback rewards and/or other benefits associated with our Affiliates' products and services corresponding with your Level Up Tier as set out in the Program FAQs, in addition to the Level Up Staking Rewards (together, the "**Level Up Benefits**"). If you request to unstake your Staked CROs, you will stop receiving the Level Up Benefits immediately. If for any reason the Level Up Benefits, or any part of a Level Up Benefit, is unavailable or a Level Up Benefit or related event is delayed, cancelled or postponed, or for any other reason, Crypto.com reserves the right to modify the Program and the Level Up Benefits in its sole discretion. No substitution, transfer, assignment or cash equivalent of the Level Up Benefit or any portion thereof, is permitted by the User. Crypto.com and its Affiliates shall have no responsibility or obligation to a User who is unable or unavailable to, or who does not for any reason, accept or utilize a Level Up Benefit. All costs and expenses not specifically listed above as part of the Level Up Benefit are solely the User's responsibility.
3. **Our Rights.** Crypto.com shall have the sole discretion to cancel, terminate, suspend, modify or replace the Program or any aspect of the Program (including the Level Up Staking Rewards and/or Level Up Benefits) at any time, without prior notice to you and for any reason, including, but not limited to, if the Program is not capable of running as planned which in our sole determination corrupts or affects the administration, security, fairness, integrity or proper conduct of the Program or for any regulatory or legal reasons. In the event of such cancellation, termination, suspension, modification or replacement, we shall use reasonable endeavours to facilitate the return to you your Staked CROs, or whole or partial refund of your Subscription Access fee, subject to the terms of this Addendum.
